

Dear Fourth Grader,

Welcome to 4th grade! I am very excited to be with you this school year! There are a lot of fun and exciting things that happen in 4th grade and I cannot wait to experience and enjoy them with each of you.

We will continue using the Lead 21 reading program and read the stories in small groups. You will continue to use Xtramath and begin to learn all about the regions of the United States! In Science, we will learn all about matter, The Water Cycle, and electricity.

Since you may not know a lot about me, I would like to tell you a bit. I LOVE teaching and have loved it since I was young. I graduated from Temple University in May 2014, after student teaching in 2nd grade at Butler. When I am not teaching, I enjoy spending time with my family and friends, traveling to new places, spending time with my dog Fletcher, and watching sports. You will hear me talk about the Eagles a lot! (Go EAGLES!) This summer, I plan on traveling to Sea Isle City and somewhere I've never been, I cannot wait to tell you all about my travels! I'm excited to hear about the fun activities that you get to do over your summer break.

I hope you have a GREAT summer filled with lots of FUN! Remember to read lots so you can keep all the skills that your 3rd grade teachers taught you. I am so excited to experience all the new adventures in 4th grade. I cannot wait to learn and hear from you on our first day of school, September 4th!

Your 4th grade teacher,

Ms. Beveridge

Welcome to  
Fourth Grade!
