

There's No Place Like Space! Activity Guide

Watch the following video:

[There's No Place Like Space!](#)

After listening to the story, try one or ALL of these activities:

1. Think back to the story and pick your favorite planet you learned about.
 - a. Draw a picture, color it in and send it to your teacher!
2. At nighttime, try to remember to look outside to see the moon and some stars. Draw what you see.
 - a. If you want to draw the moon and the sun during the day, you can do that too!
Make your own constellation of stars, take a picture and send it to your teacher!
3. Tell Mom or Dad who the characters were in the story. Try your best to remember without listening to the story again! If you need help, watch the story again. Write down the characters and send it to your teacher!
