## Toy Car Ramp

 <p><b>ASK</b> Define the problem.</p>	
 <p><b>IMAGINE</b> Generate Ideas.</p>	Draw a sketch of your ramp below.
 <p><b>PLAN</b> Select a solution.</p>	Plan different style ramps. Think about the cars that you will use to roll down the ramp.
 <p><b>CREATE</b> Make the item.</p>	Draw your <b>ramp design</b> and label each part.

Name \_\_\_\_\_ Teacher \_\_\_\_\_

Test your ramp and record how far your car rolled. You can measure in inches or centimeters.

How can you make your car go farther?
