

## Welcome to Third Grade!!

My name is Mrs. Jethon and I am so lucky to be your Third Grade Teacher!! You may remember seeing me in the hallway or in your buddy class because for the last two years I have taught fourth graders at Warwick!! We are going to have so much fun learning and growing together in third grade!!

### To the parents of my wonderful students:

Welcome to third grade!! My name is Lisa Jethon and I am thrilled to be your child's teacher this year! You may have recognized my name as I have been teaching fourth grade at Warwick for the past two years! I have also taught first grade, and I am excited to be teaching third grade this year! I am looking forward to preparing your third grader for fourth grade, while nurturing his or her needs in this strange climate we are facing during this Pandemic!

To tell you a little more about myself, I have also worked as an Instructional Assistant and as a Language Facilitator for the Deaf for both the Central Bucks School District and the Bucks County Intermediate Unit. In total, I have worked as an educator in various roles for over ten years now. I am certified to teach Pre-K through Fourth Grades, and English Language Development.

My family resides in the Central Bucks School District. My husband and I have two children who are successful CB students and Warwick alumni!! As a CB parent, I have served the district as a volunteer, room parent, committee leader, and PTO participant. I have had the pleasure of partnering with the educators of Central Bucks as a parent, and can relate to your experiences, as well as your third grader's curiosity in anticipation of a new year! I look forward to meeting you!

### To my wonderful students:

I cannot wait to begin learning and growing with you!! We will be learning about so many interesting topics in science, social studies, reading, math and writing! Our classroom is a place where we will feel safe, make friends, and have fun as we learn!

I have spent my summer with my family, my friends and my dog Louie! I read some great books, went to the beach and the mountains, stayed cool in the pool, and spent as much time as I could outside! I love the beach, beautiful flower gardens, looking for the full moon, and watching wildlife like deer, hawks, bunnies, and foxes from my backyard! I am looking forward to hearing about your adventures! Think about something you would like to share with our class about your summer fun!

I will "see" you on our first day of school, September 8th. Be sure to enjoy these last days of summer!

Sincerely,  
Mrs. Jethon
