

CENTRAL BUCKS SCHOOL DISTRICT

June 26th, 2018

Dear Unami Families and Students,

It is with great excitement that I introduce myself as the new Assistant Principal of Unami Middle School. I am honored to be in this position and look forward to working alongside and assisting Dr. Watters in making this an excellent school year.

Although I am new in this role at Unami, I am returning to the building where I started my educational career and taught for thirteen years. I will be entering my twentieth year in the Central Bucks School District serving in many capacities. I began as a Business Teacher, at Unami, teaching the Computer Applications and Web Design courses and acted as the Dean of Students. It was during this experience that I decided to pursue my administrative certification. During this time, I had also coached various sports at the middle level, along with volleyball at both the high school and collegiate levels. Over the past years, I have had the opportunity to be the Acting Assistant Principal of Lenape and most recently, have spent the last five years as the Assistant Principal of Tamanend Middle School.

I received my undergraduate degree from Bloomsburg University and continued for my Masters in Education at Temple University. Lastly, I attended Delaware Valley College where I earned my Educational Leadership Certification. While coaching and attending DVC, I also had the opportunity to be an adjunct professor teaching classes in American Education and Educational Psychology.

My wife, Kristen and I, along with our two children, live in Doylestown. Our son will begin middle school this year at Lenape and our daughter continues to be active at Linden Elementary. Outside of school, you can find us on a nearby field or pool watching our kids involved in various athletics or listening to them play their instruments. We enjoy attending Phillies games, traveling as a family, and spending time outdoors.

I am very fortunate to return to a building that I called home for so many years. We have a great team here at Unami and I look forward to working within our school to provide our students with an enjoyable middle school experience. This will result in a quality foundation and preparation for high school, along with the necessary skills to be successful within our community.

I am excited to meet all of you as we prepare for the upcoming school year. If you have any questions, please do not hesitate to email me at jboyle@cbsd.org.

Sincerely,

Jonathan Boyle
Assistant Principal
