

# Crushing Stigma – Featured Panelist

**From the Experts – Mental Health and Wellness Session  
6 PM, Auditorium**

## Barbara J. Miller, M.A.

Director of Children’s Services  
Bucks County Department of Behavioral  
Health/Developmental Programs

Barbara Miller received a BSW from Millersville University and a Master of Arts *with distinction* in Counseling Psychology from Arcadia University. Barbara has focused her career in working in the Child and Adolescent Service System Program, with over 40 years of work experience, largely in the public sector. For the past 20 years, her aim has been to improve outcomes for the children, adolescents, transition age youth and young adults in Bucks County. As always, the emphasis has been to provide services and supports in the least restrictive setting and understanding the strengths, culture and needs of each individual and their family.

This has led to a focus on improving services and supports and enhancing opportunities for family and peer support, as well as building strong coalitions with the Managed Care Organization (Magellan), the Provider Network, School Districts and Community Agencies. As a parent with a daughter in recovery, she can appreciate the struggles we all face and the importance of never giving up on anyone! Barbara continues to focus her energy on reducing stigma and working collaboratively to improve a comprehensive system of services for children and families. She believes we are all resilient!
