

CENTRAL BUCKS SCHOOL DISTRICT
Leading the Way

**The Central Bucks Schools will provide all students with the academic and problem-solving skills
Essential for personal development, responsible citizenship, and life-long learning**

Dear Parent/Guardian,

The Pennsylvania School Health law requires all students entering **Kindergarten** to have a medical and dental examination.

Since your child will be attending elementary school in the fall, we wish to bring to your attention these required state mandated physical and dental examinations. **Examinations can be accepted if performed after September 1st of the previous year.** The completed forms must be returned to the nurse's office no later than October 15th of the current school year and will become part of your child's permanent school health record.

It is strongly recommended that you have these examinations done by your private practitioners since they can best assist you in obtaining any necessary treatments or corrections. If this is not possible, please sign below indicating that you wish the examinations to be performed at school and return it to the health room.

Thank you for your anticipated cooperation.

Sincerely,

Certified School Nurse

Authorization for Medical and/or Dental Exam by District Physician/Dentist

Name of Student _____ **Kindergarten**

_____ I prefer having my child be examined by the school physician.

_____ I prefer my child be examined by the school dentist.
