

ClearTouch Checklist

TEACHER PRODUCTIVITY

- Use Quick Access tools (timer, spotlight, etc.)
- Use Microsoft inking in PC mode.
- Use the Whiteboard in the Android portion of the board.
- Connect your Logitech camera to the board and use for a Teams Call and/or as a document camera.

CLASSROOM MOBILITY

- Move the board to multiple locations in the room.
- Log into the PC and use it as your own device.
- Try using other USB devices with the board (keyboard, document camera, etc.)
- Experiment with various heights of the board (if applicable).

STUDENT COLLABORTATION

- Use Collage to have student connect to the panel.
- Have students come to the board for engagement.
- Use Snowflake Content with student in a lesson.
- Use "zones" in Snowflake during a lesson with students.

FORMATIVE ASSESSMENT

- Have a member of T&I or Staff Development observe you using the panel.
- CHALLENGE: Use your laptop/Logitech camera to record yourself teaching a lesson with your ClearTouch panel.

Please use this checklist to help you evaluate your panel. Reach out for help, if needed, or attend scheduled webinars.
