

— WELCOME — BACK TO SCHOOL

August 2021

Dear Families,

My name is Danielle Kazokas and I will be your child's teacher for the 2021-2022 school year! I cannot wait to learn all about your child, but first let me tell you a little about myself.

This will be my second year teaching at Bridge Valley Elementary School. I graduated with a Bachelor's degree in Early Childhood and Special Education from East Stroudsburg University in 2017. I plan to finish my Master's in Special Education with a concentration in Applied Behavior Analysis from Slippery Rock University by the end of this year. Before teaching in the Central Bucks School District, I worked at the Comprehensive Learning Center, where I taught various age groups of students with autism, using scientifically validated procedures of Applied Behavior Analysis. During the 2019-2020 school year, I had the pleasure of working as a long-term autistic support substitute at Warwick Elementary School. Outside of school, I enjoy playing volleyball, traveling, and spending time with my friends and family. I also have a very energetic three-year-old yellow lab named Autumn.

Bridge Valley will be holding an open house on Thursday, August 26th from 2:00 PM-3:00 PM. Please feel free to stop in anytime during that time slot, as this visit will allow me to meet your child and for them to see our classroom. It would be greatly appreciated if school supplies could be dropped off during this time. Parent-teacher communication is something that is very important to me. Please contact me at dkazokas@cbsd.org with any questions or concerns you may have. I look forward to getting to know you and your child!

Sincerely,
Miss Danielle Kazokas
