

## Online Options for High School Students in 2022-2023

*These courses will be limited and will only run if enrollment numbers are sufficient.*

### What is a CB Cyber Course?

- Taught by current **CB teachers** using current **CB curriculum**.
- Class is **asynchronous** with ample opportunities to meet virtually or in-person with the teacher and peers.
- Offered during **first block** of the high school schedule in the 2022-2023 school year.
- Work can be completed during first block or anytime that works for the student that day.
- Content delivered through **Canvas**.
- Students may work from home or school during first block. If a family chooses late arrival, they must provide their own transportation.

*Look for these online courses in the Program of Studies booklet*
