Personal Essay ⌄

Some colleges require submission of the personal essay with your Common App. You may submit a personal essay to any college, even if it is not required by that college. If not required by a college, you will be given the option during submission to include your essay or not for that college.*

☐ I understand

Here is the current list of colleges on your Dashboard and whether they require the Personal Essay.

Required
- Adelphi University

Not Required
- Arizona State University

The essay demonstrates your ability to write clearly and concisely on a selected topic and helps you distinguish yourself in your own voice. What do you want the readers of your application to know about you apart from courses, grades, and test scores? Choose the option that best helps you answer that question and write an essay of no more than 650 words, using the prompt to inspire and structure your response. Remember: 650 words is your limit, not your goal. Use the full range if you need it, but don't feel obligated to do so. (The application won't accept a response shorter than 250 words.)
