# When schools reopen, do you intend to send your child to school?

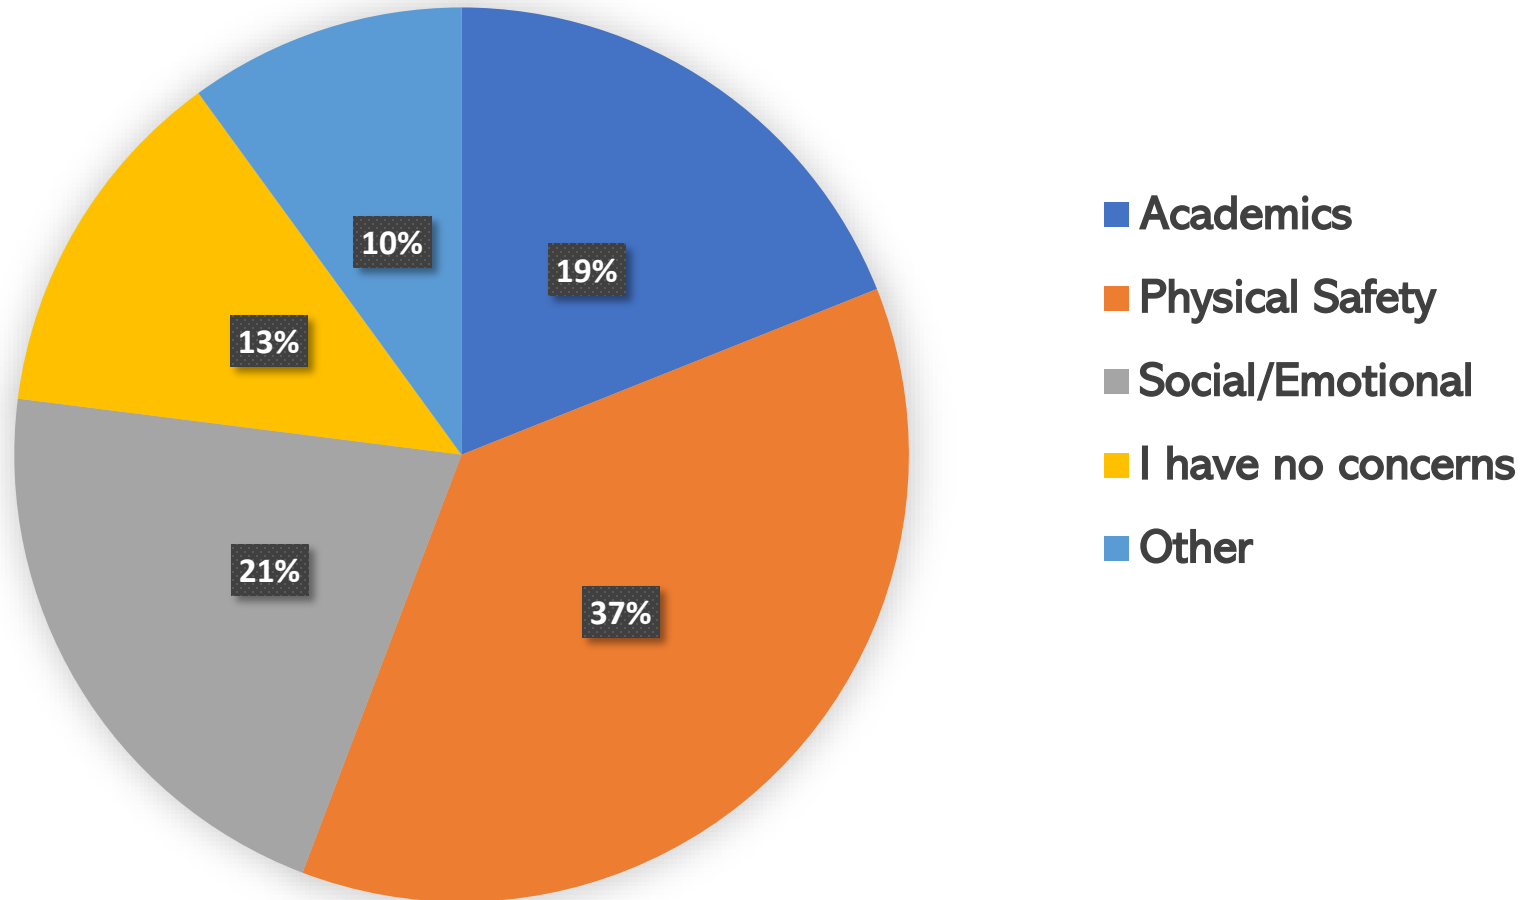

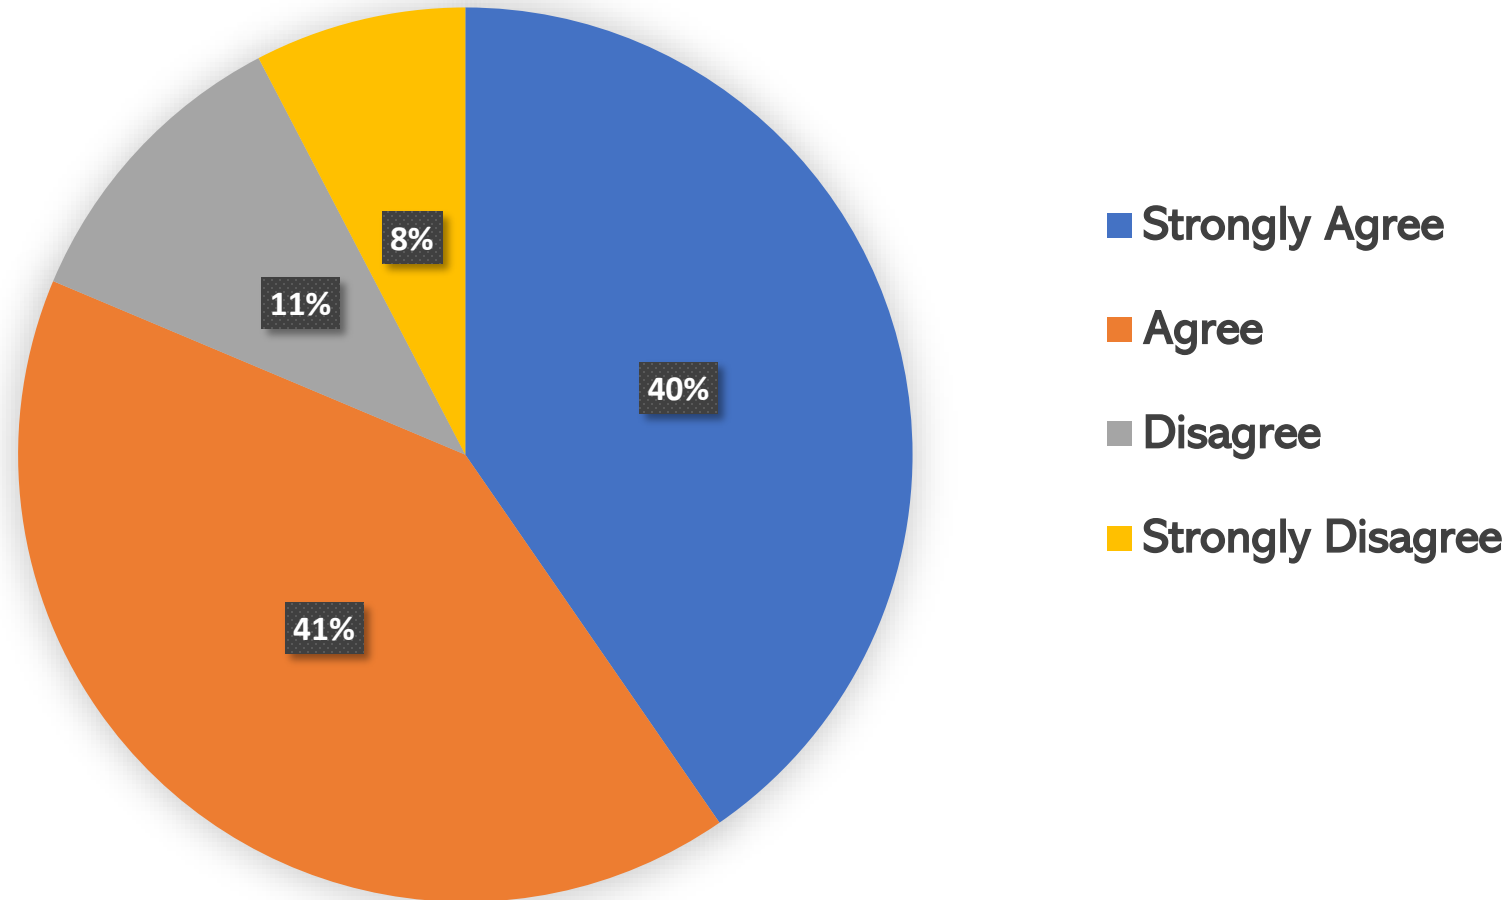

# How concerned are you about your child's safety regarding COVID-19 once schools reopen?

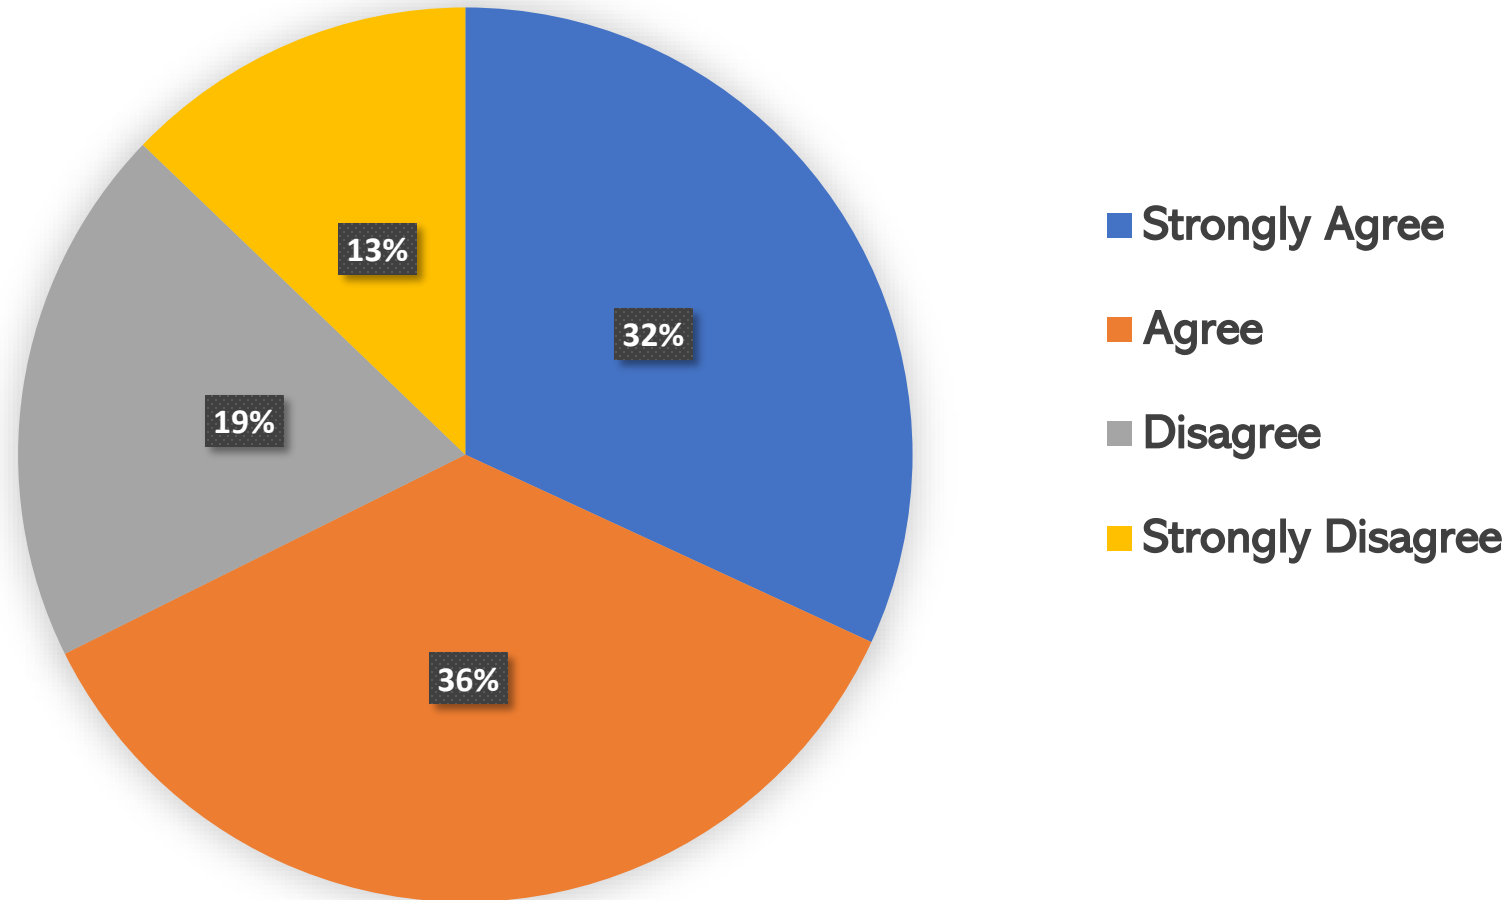

# What concerns you most about your child returning to school?

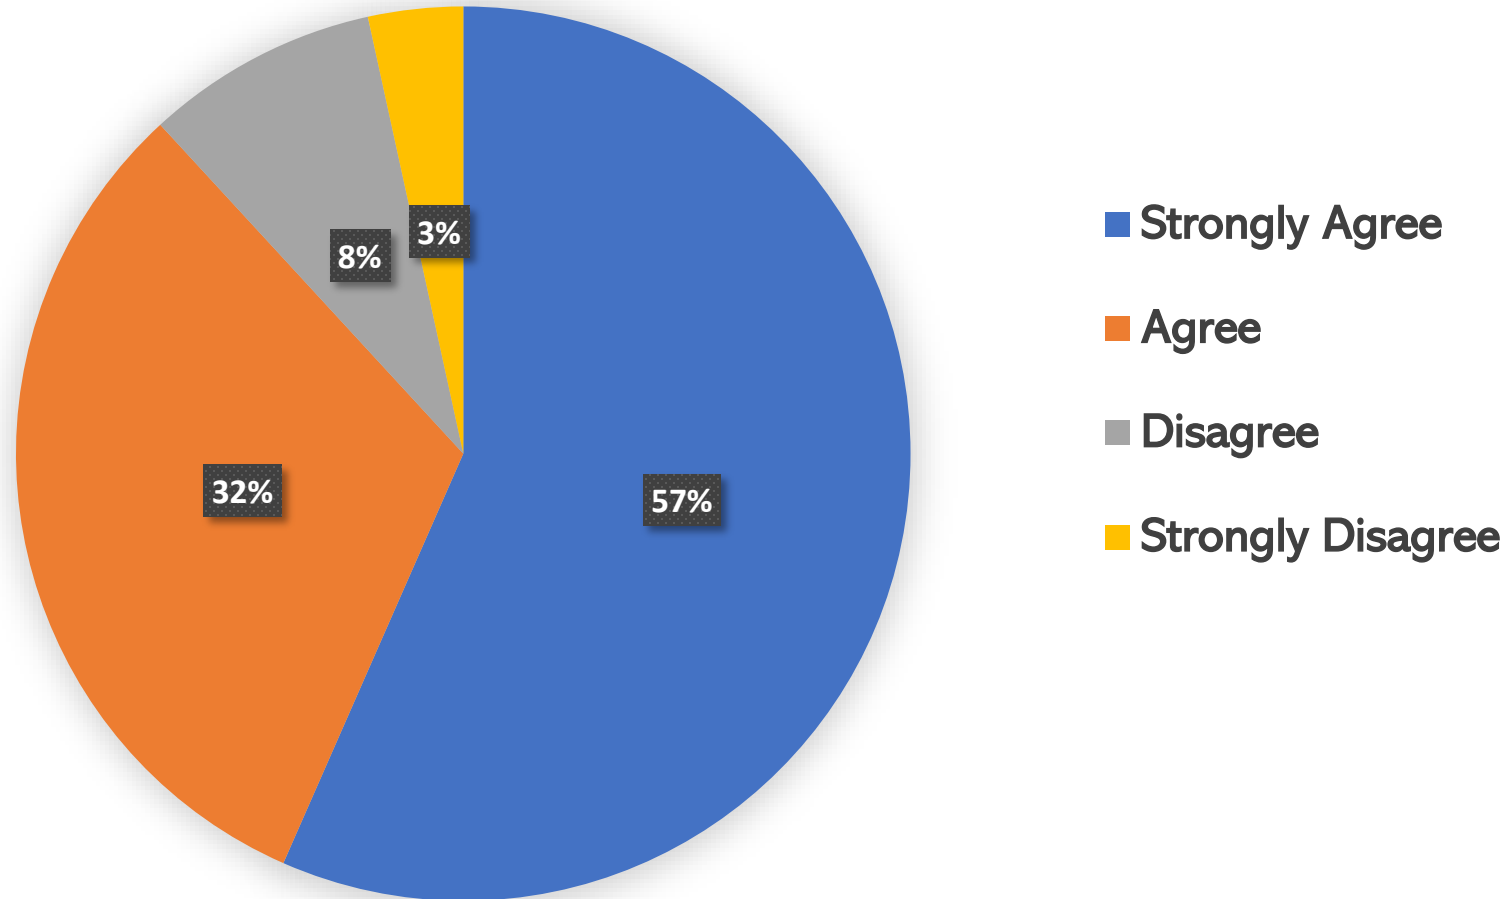

# I believe that school should resume as normally as possible this fall with new procedures and guidelines in place to reduce the spread of COVID-19.

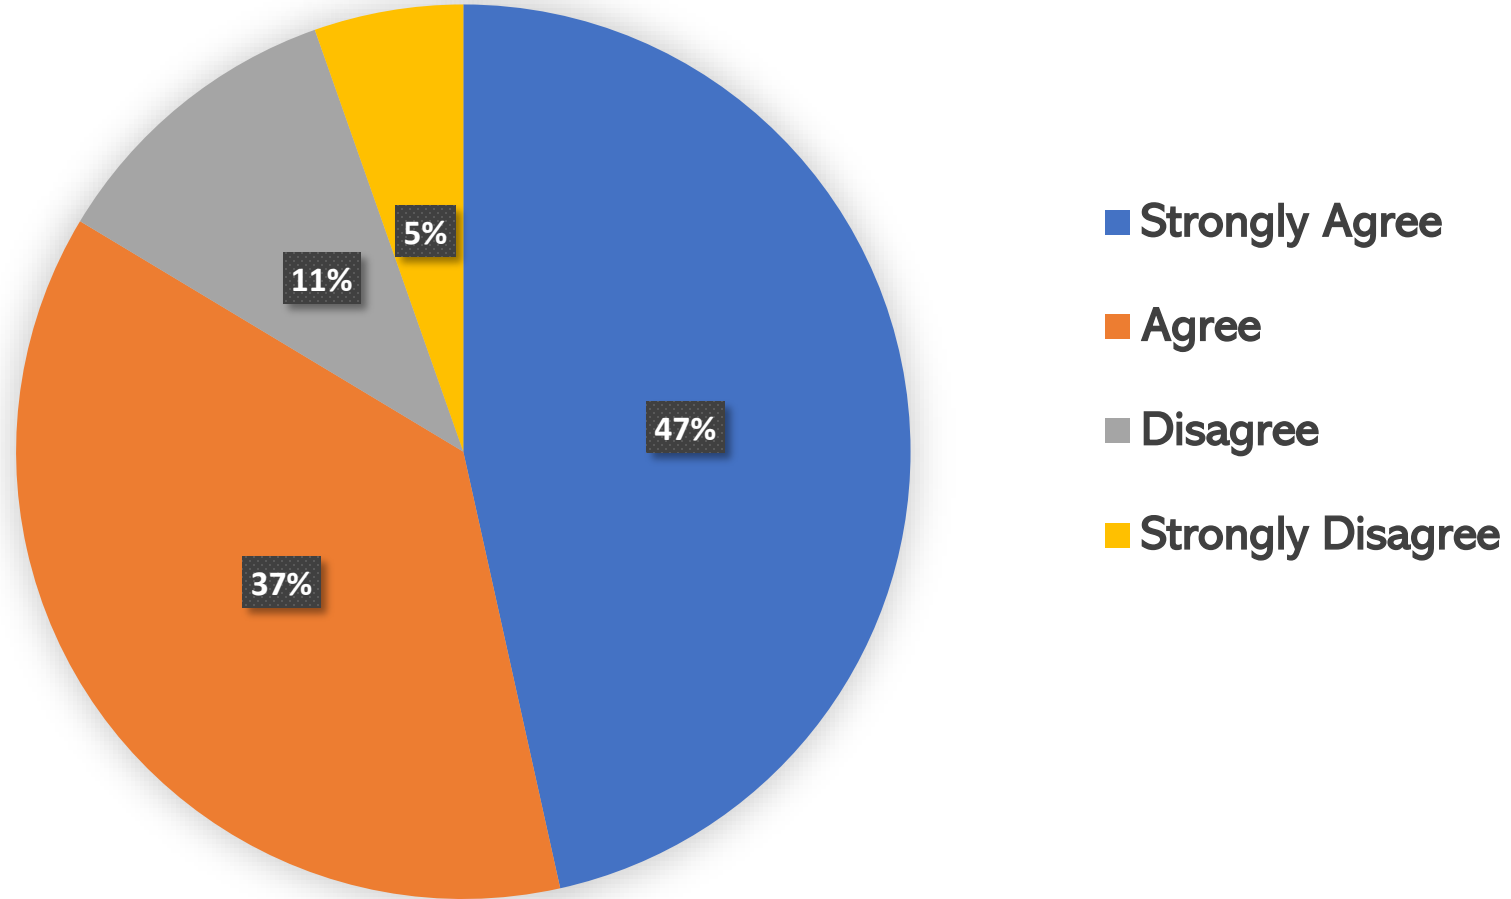

**I believe that school should resume this fall with face-coverings worn by staff & students as well as social distancing wherever possible.**

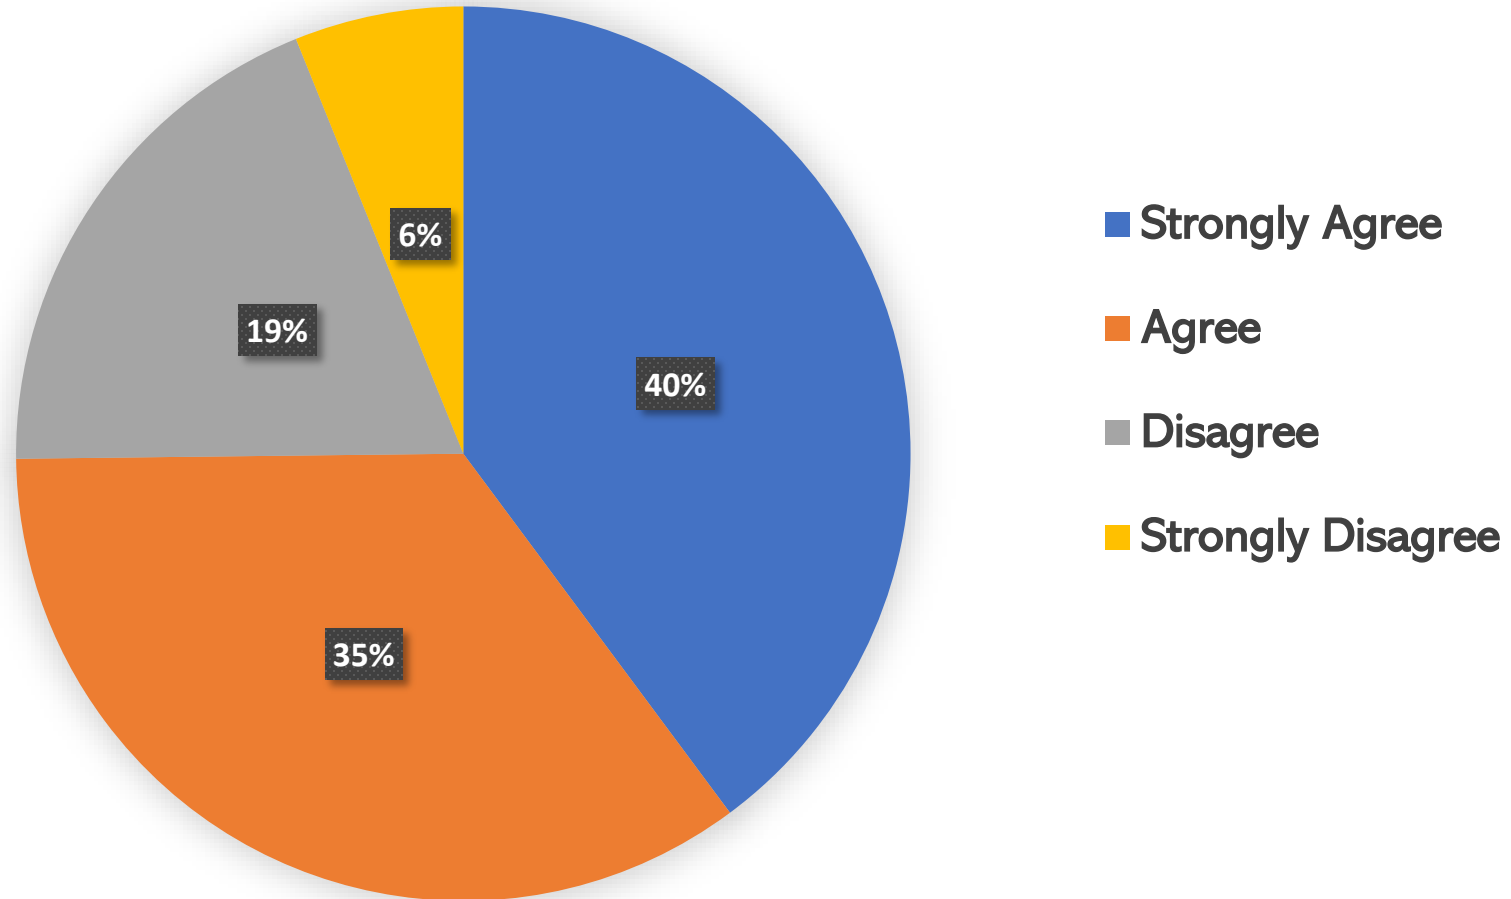

# I believe that schools should reduce the number of visitors and volunteers during school days.

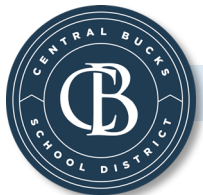

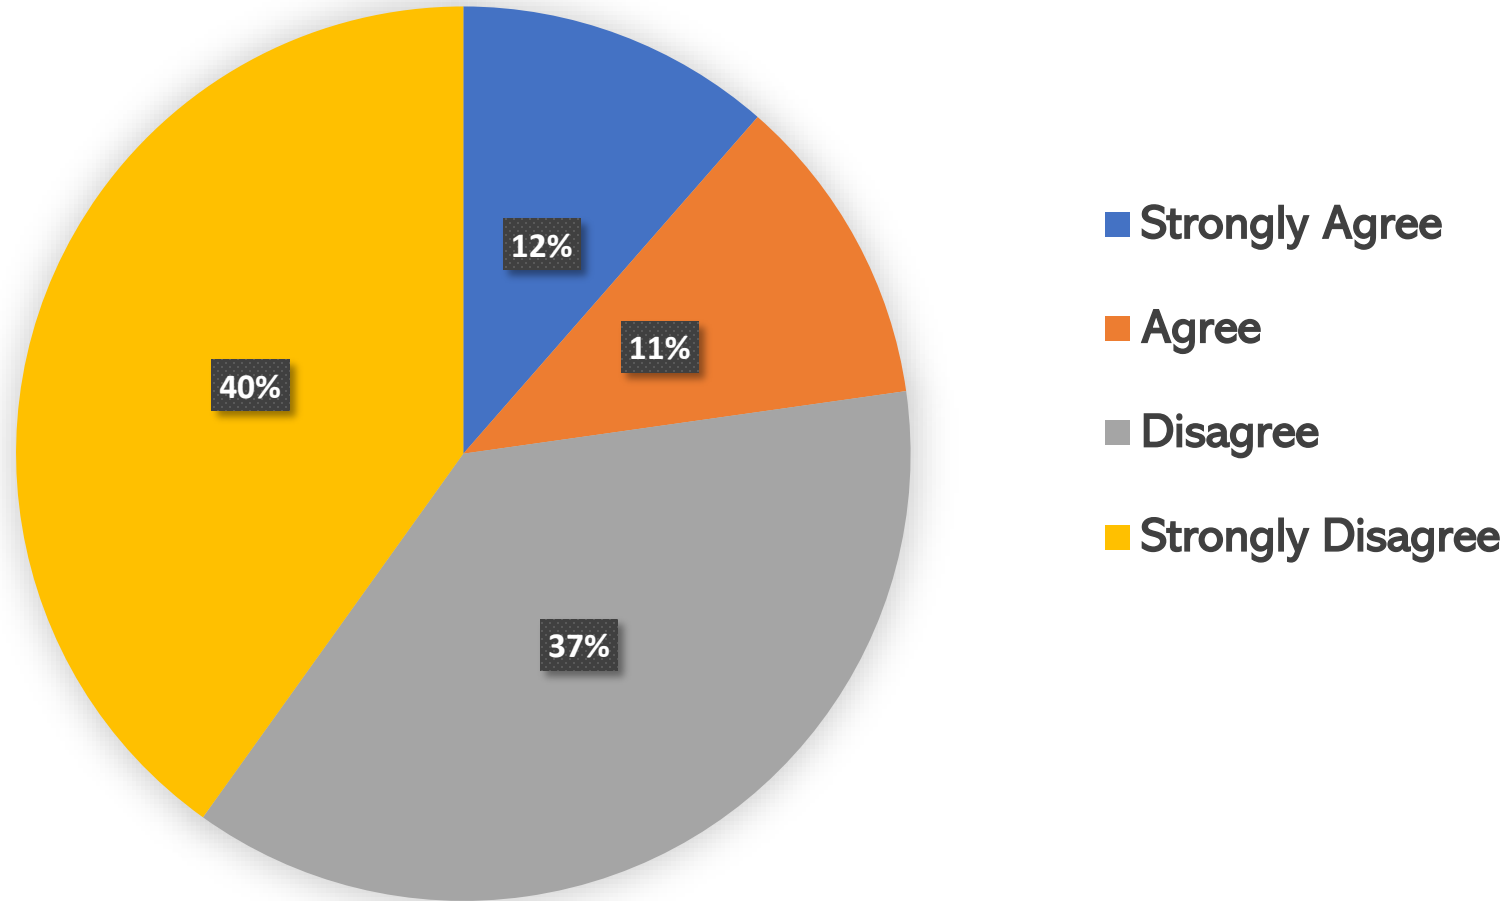

# I believe that classroom desks should be spaced at least three feet apart.

# I believe that we should have daily temperature screenings on-site by CB staff.

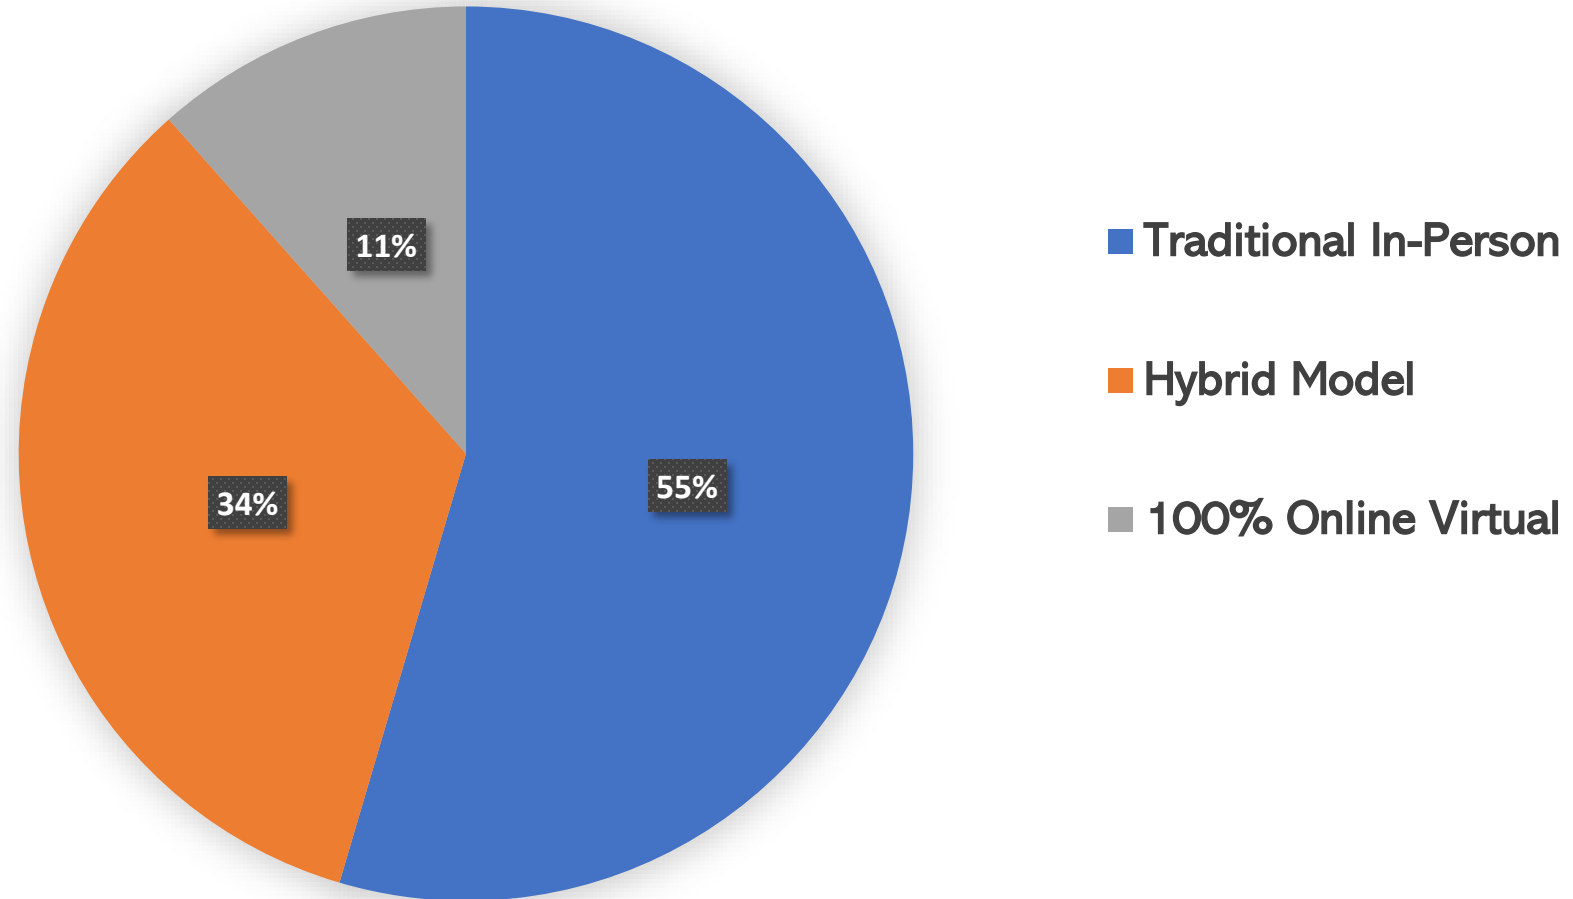

# I believe that in-person instruction should wait until there is a COVID-19 vaccine.

Please select the instructional model that you are **MOST** interested in for the fall of 2020.

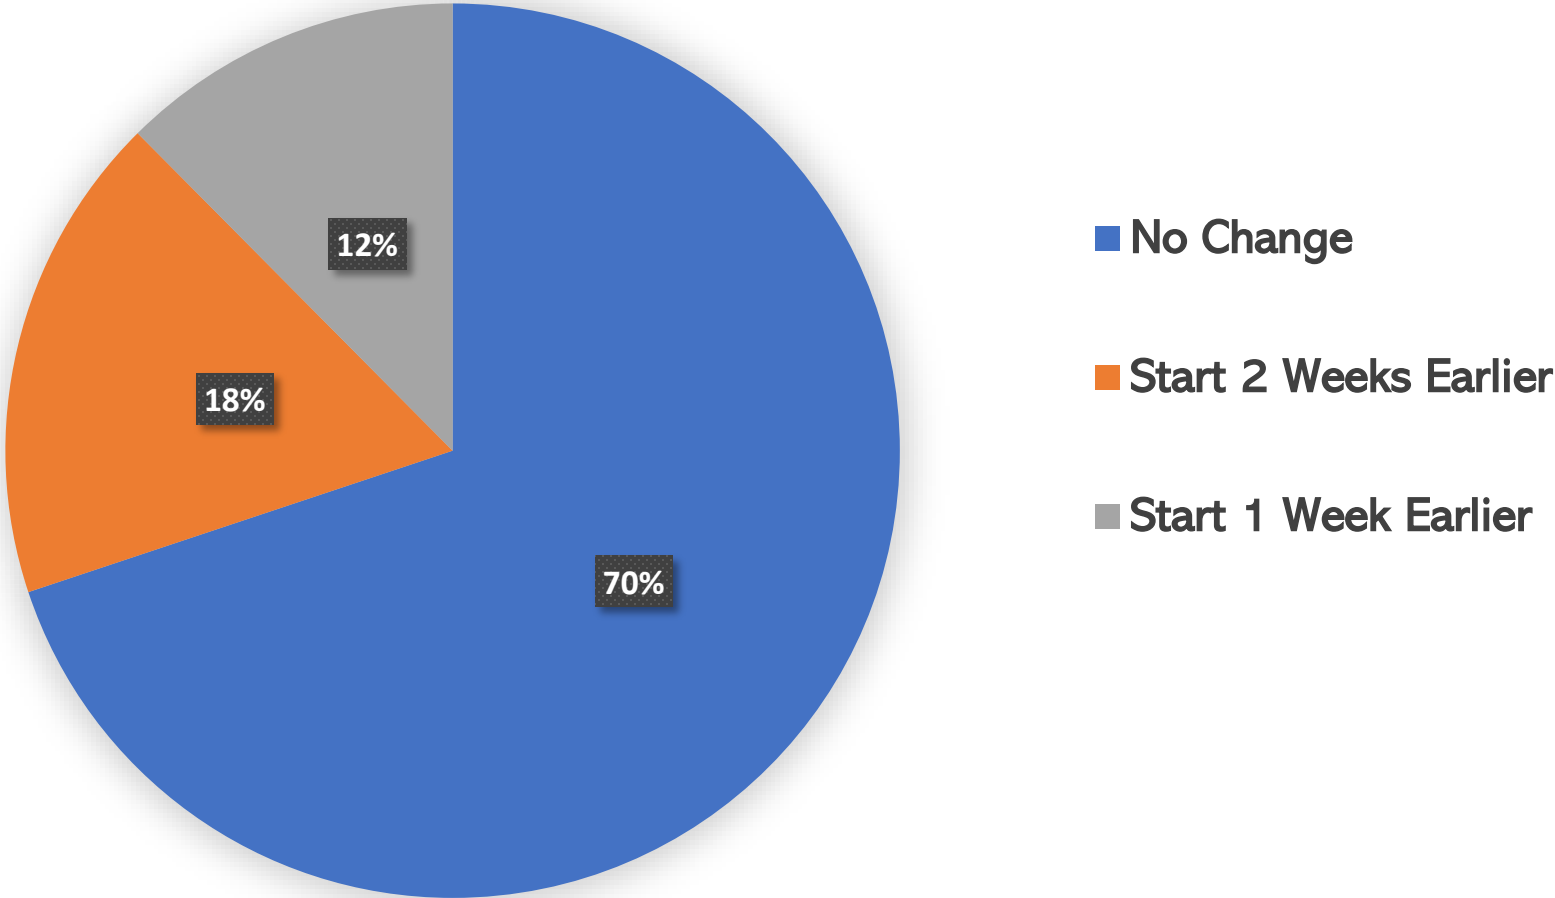

# Please select three safety measures that are the most important to you.
