

Fall 2020 District Planning Family Survey

As we close out the current school year and initiate the planning process for what school will look like in the fall of 2020, we are seeking your feedback to ensure your needs and concerns are taken into consideration. While our process is certain to evolve as additional guidance and recommendations emerge from the Pennsylvania Department of Education, Department of Health and the CDC, your input is important and valued as we develop a plan of action. To assist, we are asking you to please complete the following survey for each child you have enrolled in the Central Bucks schools. Thank you for your insight, and we wish you continued good health and a safe summer.

1. Please select your student's current grade level.

2. Which school will your student attend in the fall of 2020?

3. Which school will your student attend in the fall of 2020?

4. Which school will your student attend in the fall of 2020?

5. Which of the following statements best describes your overall feeling about your child returning to school?

- I will only allow my child to return if there is a vaccine available.
- I will only allow my child to return if social distancing, handwashing, face-covering guidelines, and temperature checks are enforced.
- I will only allow my child to return if social distancing, handwashing, face-covering guidelines, and temperature checks are encouraged.
- I will allow my child to return based on whatever safeguards the school district has in place.
- Other

6. Many factors are important to consider when we reopen schools. Please select your top three priorities regarding health safety practices if schools were to open for in-person classes in the fall.

- COVID-19 vaccine availability
- COVID-19 testing and COVID-19 antibody testing availability
- Availability of masks/face-coverings for everyone
- Requirement for teachers/staff to wear a mask/face-covering
- Requirement for students to wear a mask/face-covering
- Regularly scheduled, adult supervised hand-washing
- Staff are trained on CDC guidance to reduce likelihood of COVID-19 transmission
- Temperature screening for students and staff each day
- Other

7. If school buildings reopen in the fall I would be comfortable with my child wearing a mask while in school.

- Yes
- No

8. We are looking forward to returning to school in a traditional in-person format; however, if this is not possible, which of the following delivery models would you most support for your student this fall?

100% Online Learning Model (The fall 2020 CBSD model would be fully implemented, with an emphasis on synchronous learning and rigor. Instruction would be developmentally appropriate, with students receiving grades in all classes.)

A Hybrid Model (a combination of online learning and in-person instruction, e.g. in school some days and online instruction other days)

9. Will childcare be an issue for your family for the Online and Hybrid models outlined in the previous question?

Yes

No

It will be a hardship but we can make it work

10. My family has access to adequate internet service to support online learning.

Yes

No

11. Transportation to/from school may look different in the fall of 2020 due to social distancing guidelines and other restrictions. Recognizing that it is still June and circumstances may change that would impact your answer, which of the following scenarios do you prefer?

I will most likely transport my child to school

If social distancing practices are implemented (two students per seat), I am likely to use district bus transportation

My children will walk to school

12. Another option some districts are considering is to start the school year earlier to offset the impact of a sudden closure, similar to what occurred March 12th, 2020. Please indicate your preference of an earlier start for the fall of 2020.

I would support starting the school year two weeks earlier than the current Board-approved date of August 31, 2020

I would prefer that we start on the Board-approved date of August 31st, 2020

13. Please share any additional feedback/information that you believe CBSD should take into consideration for the start of school in the fall of 2020.
