

December 11, 2020

Dear Central Bucks Athletic Community:

Central Bucks athletics will be on a pause from in-person workouts beginning on Saturday, December 12, 2020, resuming in-person activities on January 4, 2021. This action is taken in accordance with Governor Wolf's new orders related to COVID-19 mitigation, announced Thursday, December 10, 2020.

Our Central Bucks student athletes are an important part of our school community and culture, and we share our families' sense of disappointment when students are unable to take part in the activities they so enjoy. In response, our athletic directors remain committed to providing as many athletic opportunities as possible to our winter athletes once athletics resume and our coaches remain committed to working with their teams to provide a safe and productive outlet for them as we continue to take steps to manage the impact of the COVID-19 pandemic.

Coaching staffs will be sharing details about virtual workouts with students over the next three weeks. We hope that this pause provides our athletes time to focus on conditioning and team building through virtual activities as they spend valuable time with family. We look forward to the resumption of the athletic schedule in January.

Best,

A handwritten signature in black ink that reads 'Danielle Turner'.

Danielle Turner
District Athletic Director
