

March 2021

AP Exam administration dates and times for registered students

College Board announced that they will be giving school districts the flexibility to administer AP exams throughout the month of May to help make sure the full extent of learning took place, while also allowing flexibility with other school related events like state standardized testing, final exams, and end of year activities. Decisions for 2021 revised AP Exam dates were made to prioritize the health and safety of staff and students while preserving opportunities for students to earn college credit.

Central Bucks School District considered the school district's Health and Safety Plan to determine which AP exams could be safely given in the building while meeting the recommendations from College Board for exams that had to be paper and pencil and which AP exams could be given digitally at home. Regardless of whether the student takes the paper and pencil AP exam in school, or the digital AP exam at home, all versions of the AP exams in all subjects will be full length and cover the course's full scope of content required for college credit.

Below is the revised 2021 AP Exam Schedule:

Mon. May 3 <sup>rd</sup> , 11:30 am - Physics: Mechanics:	In Building
Wed. May 5 <sup>th</sup> , 7:30 am - English Literature:	In Building
