Kutz Directory Information

The Home & School Directory will be available online. Each year, we publish a school directory that contains contact information for students and their families as a helpful resource. Before we make it available, we want you to know what will be included and give you the opportunity to opt-out if you so choose.

All personal information in the directory is provided to us through Infinite Campus. In addition to your name, address, email address, and cell phone number, the directory will include class lists, staff lists, and the names of H&S committee chairpersons and homeroom parents.

****ALL families will be included in the directory unless you chose to not have your information included.** If you do not wish to be included or don't want specific information shared with all, please send your requests to Karen Pirrone at kpirrone@cbsd.org no later than Sept. 28.****

The directory will be **password protected** and electronically available to all through the school website. You may print your own copy from the website for free or request a printed copy from H&S at a cost of \$7/directory. We will make updates ***only*** to the online version quarterly to adjust for changes. Details for access to the directory and print orders will be forthcoming.
