Note: In keeping with the Central Bucks initiatives to support healthy nutrition and increasing wellness awareness, sweet treats/snacks will not be allowed to be brought to classrooms for birthday celebrations. You are encouraged instead to arrange with me to either visit our classroom for a book reading, participate in a book dedication for our library, in honor of your child, or send in something small such as a bookmark or pencil/eraser. Thanks for your support with this.

Each classroom will be having two Homeroom Parent coordinators. If you wish to volunteer for this position for our class this year, please contact the office over the summer and let them know.
