

Dear Central Bucks School District Volunteer,

Volunteers play a vital role in supporting the staff, students, and the programs of our schools in the Central Bucks School District. Thank you for your interest in volunteering at CBSD, and for completing the process of submitting the required clearances.

Pennsylvania mandates required training for any person having contact with school children. As a CBSD volunteer, you are a mandated reporter. A mandated reporter is one who is required by law to report reasonable suspicion of abuse.

Central Bucks School District is using SafeSchoolsTM.com to offer training courses online for your convenience. Over the next few weeks, you will receive an email from CB with directions on how to complete this required training. The email will also contain contact information for any questions you may have. We ask that you complete the required training as soon as possible.

A Volunteer Pass **and** proof of identification will be required when volunteering in any CB building. The pass has your name on the front, and the expiration date of your clearances on the back.

If you have any questions, please contact Florence Hughes at fhughes@cbsd.org or the Human Resources office at humanresources@cbsd.org.

Andrea L. DiDio-Hauber, MS HRM
Director of Human Resources
Central Bucks School District
