

2024-2025

**Dear Families and Students,**

Welcome to SIXTH GRADE! My name is Mrs. Bobrownicki, and I would like to welcome you to sixth grade. I am so happy to have YOU in my class! I am very excited about all the wonderful and exciting things we will be learning this year! I can't wait to get started on our path of learning together! Sixth grade is a great opportunity to discover new friends, celebrate old friends, and challenge yourself to new heights. It is going to be a very special year! I am very excited about all the wonderful and exciting things we will be learning this upcoming school year!

Sixth grade is a very special grade, and you will have many things to look forward to this coming year. We will focus on developing a wide range of reading skills and strategies through the use of quality literature. You will have many writing opportunities and will participate in a variety of hands-on math activities. Additionally, you will be learning about Ancient Egypt, The Human Body, Pollution, Earth's Changing Surface to name a few of our exciting units. You all will be able to participate in some wonderful activities that are special to **6<sup>th</sup> graders only** such as our 6<sup>th</sup> grade ropes course field trip, being a host on Butler Live, becoming a safety and taking part in student council.

It is my hope that this year we will form a partnership to make your last year at Butler productive and fun! Part of enjoying your classroom community is getting to know your teacher. So, here is a little bit about me. I am married with three children, Hannah and Emily who are 21 years old and are seniors in college at Penn State University and Elizabethtown College. I also have a son named Philip who is 13 years old and will be going into 8<sup>th</sup> grade at Unami Middle School this year. This summer, I traveled to Myrtle Beach, South Carolina and Cooperstown, New York with my family. We spent our days on the beach, golfing, watching my son play baseball and visiting relatives. I also have a dog named Bentley who is 8 years old and loves to eat peanut butter and carrots. In my spare time, I enjoy making jewelry, reading, and cooking delicious foods. I look forward to hearing all about you and all the wonderful things you have enjoyed this summer during the first week of school!

You can find the 6<sup>th</sup> grade class supply list on Butler's Website on our grade level page. Our class will be using folders to help students strengthen organization and become more independent. Please make sure you have all the necessary materials on the first day of school so we can get ourselves organized and dive right into the new school year.

I would encourage you to contact me with any questions or concerns you or your child may have. I believe in open communication and consider us a team. Feel free to email me at [Jbobrown@cbsd.org](mailto:Jbobrown@cbsd.org). Also, make sure to bring in a quiet reading book the first day of school and a delicious snack. In addition, please bring in a small special treasure of something that you did over the summer (it doesn't have to be anything fancy). We will share our special items on the first day! Enjoy the final month of summer! Create some wonderful family memories, relax and enjoy the summer weather, and be ready for a new and fantastic sixth grade year! I can't wait to see your child on the first day of school and hear about all their summer adventures. Welcome to Team Bobrownicki!

Here are a few things that I know will help you have a great sixth grade year!

1. Be organized and have good work habits.
2. Always be prepared with your homework.
3. Don't be afraid to ask questions.
4. Always try your best and have a positive attitude.
5. Treat others, as you would want to be treated.

If you remember these five things, you will have a very successful year. If you need to reach me my email is [Jbobrown@cbsd.org](mailto:Jbobrown@cbsd.org). Enjoy the rest of your summer vacation and see you on the first day of school!

Sincerely,  
Mrs. Bobrownicki
