# 1 Counting to 10,000

## Learning Objectives:

- Use base-ten blocks to count, read, and write numbers to 10,000.
- Count by 1s, 10s, 100s, and 10,000.

**New Vocabulary**  
ten thousand

- 1 Explore different ways to count from 465 to 898. How many ways are there? Explain.
- 2 Use a shorter method to count from 3,526 to 9,789. How many ways can you count? Explain.

## ENGAGE

- 1 Use  to show three different ways to make 999.
- 2 How do you use  to show a 4-digit number?

## LEARN Count to 10,000

- 1 10  make 1 .  
 →  10  
one ten  
  
10  make 1 .
