

Welcome to 6th Grade!

Hello Sixth Grader,

My name is [Mr. Heinlein](#), and I am so excited we get to enjoy [sixth grade](#) together this year. It is an awesome year full of learning, making life-long friends, and making the best memories for your last year of elementary school. Let's make it count by doing some amazing things together!

I am very passionate about teaching and working with students. This will be my third year teaching and my seventh year working in Central Bucks! Before I became a teacher, I also went to Central Bucks School District. I went to Butler, then Unami, and I graduated from C.B. South in 2017. I went to Penn State Abington and was able to student teach 4th grade for the School District of Philadelphia. While I was in college, I worked for the Before and After School program at Butler Elementary. After I graduated college, I was a building substitute at Bridge Valley Elementary School and then I was the Librarian at Mill Creek Elementary School. Last year, I taught 6th grade at Doyle Elementary, so this is my second year as a Soaring Eagle!

This year in [6th grade](#), we will get to continue working on our [math](#) skills and adding more to our knowledge of multiplication and division by working on solving equations. In [reading](#), we will keep using our reading strategies to comprehend texts, ask and answer questions, and learn more as we also develop more [writing](#) strategies as well. In [science](#), we will learn more about how the human body moves, pollution in the environment, and Earth's surface. In [social studies](#) we will explore ancient civilizations and how humans lived during ancient times. We will also get to work on our [research](#) skills and how to prepare for and create a research project.

We will get to learn more about each other on the first day of school; [Tuesday, September 5th, 2023](#) in [Room N11](#). I can't wait to see you and start our journey of sixth grade together.

Enjoy your summer and see you soon,
Mr. Heinlein
