

## **SUPERINTENDENT'S GOALS: 2023-2024**

### **GOAL 1: EDUCATIONAL EXCELLENCE**

Increase students' academic achievement across all grade levels by implementing research-based instructional practices and curriculum design, fostering a positive learning environment, strengthening assessment and data analysis practices, increasing access to resources, establishing a comprehensive support system for struggling students, and fostering collaboration and professional learning communities.

### **GOAL 2: TECHNOLOGY & INNOVATION**

Conduct a comprehensive audit of the district's technology, including infrastructure and systems, information security, policy and procedures compliance, asset management, user support and training, resource allocation, and future readiness to ensure the effectiveness and efficiency of the department's operations and practices.

### **GOAL 3: SAFETY & SECURITY**

Develop and implement a comprehensive school district security plan that prioritizes the safety and well-being of students and staff, mitigates potential threats, and fosters a secure learning environment that promotes the physical, emotional, and psychological growth of all students and staff members.

### **GOAL 4: HEALTH & WELLNESS**

Improve the overall physical and emotional well-being of students by promoting healthy lifestyles, fostering a supportive school environment, empowering students to lead healthier lives, and teaching students how to develop strong emotional resilience to thrive academically and socially within the school district.
