

A decorative border of colored pencils surrounds the text. At the top, there are three pencils: yellow, brown, and green. On the right side, there are two pencils: blue and yellow. At the bottom, there are three pencils: brown, yellow, and blue. On the left side, there are four pencils: yellow, blue, red, and green.

Welcome to 4th Grade!

August 2025

Dear Fourth Grade Families,

My name is Mr. Courtney and I am beyond excited to say that I will be your child's fourth grade teacher! Next year will be my 6th year at Mill Creek, and my 7th year teaching.

During the first few weeks of school, we will be doing many activities to get to know one another! I am eager to learn about your child and build a sense of family in our classroom. This year we will learn about the Regions of the United States, Electricity, fractions, LOTS of writing, and they will participate in a STATE FAIR! For your reference, our classroom is on the 2nd floor in room 210.

As a pro-tip, the mastery of multiplication and division facts is a huge foundation to our math program in 4th grade. This would be a great thing for them to practice during the summer!

I look forward to learning and growing with your child next year and getting to know all of you! If you would like, you can have your child send me an email over the summer to ncourtney@cbsd.org to share your summer adventures. Have a wonderful, relaxing summer, and I'll see you in the fall!

Sincerely,

Nick Courtney

A blue pencil holder containing several colored pencils: red, yellow, blue, green, and brown.
