Partnerships creating a healthier, stronger community.

The Power of Relationships

Thursday, Sept. 26th at 7 pm
Lenape Middle School Auditorium
Doylestown, PA 18901

Babysitting is available with registration.

Join us for our first Parent Positive of the school year as Dr. Michael C. Reichert, Ph.D., founding director of the Center for the Study of Boys' and Girls' Lives, talks about shares new perspectives about child development and why developmental relationships matter. Featuring the latest insights from psychology and neuroscience and drawing on his decades of research, the event will include discussions around the changing the culture, and how parents, educators, and mentors help children develop socially and emotionally.

Dr. Michael Reichert is a national speaker and applied and research psychologist who has long been an advocate for children and families. He is currently is on staff at the Haverford School and author of the recent publication, "How to Raise a Boy: The Power of Connection to Build Good Men."

*Parent Positive is a collaborative effort of CB Cares Educational Foundation,
Central Bucks School District and Doylestown Health.*

** Babysitting is available for children ages 5 and up. Registration is required
for babysitting.*
