FINAL 2015-2016 BUDGET PRESENTATION

Mr. Matyas provided the final installment of the 2015-2016 budget. He reviewed revenues, expenditures, millage impact, and provided an overall summary. The proposed final budget for 2015-2016 is \$311,494,712 which is \$7,405,206 of an increase over the 2014-2015 projected actual budget. There is an increase of \$73,232 since the last proposed final budget was reviewed in April 2015. An additional amount of \$165,000 was added into the budget because the district is receiving less real estate tax relief from the state due to lower gambling proceeds. The impact felt will be that homestead and farmstead owners will pay approximately \$6.70 more on their tax bill even though the millage

rate will not increase in 2015-2016. There will be an increase in Title 1 funding of about \$76,000 due to a slightly larger population of CB families being classified as below the poverty level. The district has a contingency plan in case there is a reduction in the governor's budget. There will be no tax increase for the 2015-2016 school year. The millage rate in the district has remained low since 2011. The district will continue the initiatives of the rollout of iPads, Laptops and implementation of the wireless network; will continue music instrument replacement; and will launch the new QUEST Program (Questioning Understanding through Engineering, Science, and Technology) at the elementary level. At the June 9, 2015 Board meeting, school board members will be asked to adopt the 2015-2016 final budget in the amount of \$311,494,712; adopt the Resolution for the 2015-2016 Homestead and Farmstead real estate tax discount of \$193.47; and adopt the taxing Resolution for real estate, earned income, and electric utilities.

INFORMATION/DISCUSSION

Course of Study for 7th Grade Science: Interactions of Matter, Energy and Life—Laura E'Nama, K-12 Supervisor of Science, presented the revisions to the Grade 7 science course of study. Units on matter, energy and ecology remain with a fourth unit being added on cells and heredity. Greater emphasis is now placed on the inquiry approach to teaching science. Topics previously included in the animal unit will integrate into the ecology unit. In answer to a board member's question, Mrs. E'Nama explained that the constructivist approach to teaching science is teaching through inquiry and problem solving.

7th Grade Science Flexbooks—Laura E'Nama presented the four science resource books from cK-12 Foundation which are being requested for the revised Grade 7 science course. The foundation provides customizable, online tests, called flexbooks. Each one includes images, video and interactives. Several science teachers have been piloting these flexbooks with positive feedback. Flexbooks can be accessed from any computer, tablet or mobile device. They are free to download and print. We will print classroom sets of bound editions.

Because of the spiraling nature of our science curriculum, i.e., exposing students to physical, earth and life science topics with increasing complicity in each grade, traditional texts are not usable. They tend to focus on one discipline and do not cover all of the content in the 7th Grade curriculum.

Teachers who piloted cK-Flexbooks have seen the importance of online flexibility with audios, videos and interactives and the ability to customize.

Board members commented on the flexibility of flexbooks and the quality of contributors to cK-12 Foundation.

Mrs. E'Nama also updated the committee on some science activities going on in middle schools beyond the curriculum, such as The Hour of Code, developed by Erika Gamble, science teacher at Tamanend, who designed this activity for the entire school as a mental exercise during PSSA testing. Holicong also used this activity. Other activities include Science Olympiad, Science Fair, You Be a Chemist, STEM Design Challenge at BCIU, SKYPE in the Classroom, and Family Lab Night.

Both the Course of Study and the flexbooks will be considered for approval by the Board.

Textbook for Geography Elective: *Geography Alive! Regions and People*—Scott Berger, K-12 Supervisor of Social Studies, presented a textbook for consideration for the new Geography elective course. Approximately 55 students in each high school have registered for the new course for next school year. The textbook presented has

an online version for those students who wish to access on personal devices. The textbook aligns with the focus of the course: interpreting maps and geographical data, connections to physical geography, and defining regions. This textbook was reviewed by teachers and received unanimous approval. Textbook will be considered for approval by the Board.

Textbook for AP United States History: *America's History, For the AP Course, 8th Edition*—Scott Berger also presented for approval a new textbook for AP United States History. The course has been updated by College Board and this new text aligns with the shift in emphasis to skill sets. Teachers reviewed a selection of available AP texts for this course and selected this to be piloted at CB East this year. Reviews from the pilot are very positive. Request is being made for a hard cover textbook for course; there are online resources including an interactive ebook. Students in the pilot have preferred having a hard copy text rather than only an online text. This text has the unanimous approval of the district AP U.S. teachers. Textbook will be considered for approval by the Board.

Review of Policy 249—Bullying/Cyberbullying—Much discussion ensued around the topic of bullying and cyberbullying. This policy must be reviewed every three years as required by PDE. Board members suggested some word changes which will be reflected in the copy that goes to the Board for first reading. One board member asked if the district solicitor had reviewed this policy. Dr. Weitzel indicated it was reviewed in November 2012 and would be reviewed again before final approval/renewal. Board members made suggestions affecting implementations practices, such as making a student feel safe when reporting bullying to school personnel.

Review of Notes

The April 15, 2015 Finance Committee meeting notes were accepted as presented.

INFORMATION/ DISCUSSION/ACTION ITEMS

2015-16 Budget Update – There were three changes to revenue that were reviewed. Local real estate revenues were adjusted upwards by approximately \$169,000 due to a reduction in revenue received from the state from gambling proceeds to be used as a discount on real estate tax bills for homesteads and farmsteads. The impact of the state revenue reduction will be that homestead and farmstead owners will pay an estimated \$6 or \$7 dollars extra on their real estate tax bill even though there is no millage increase slated for the 2015-16 school year.

	2014-15 School Year		2015-16 School Year
Typical Tax Bill	40,000 Assessment x 124.1 mills		40,000 Assessment x 124.1 mills
Gross R.E. Tax	\$4,964		\$4,964
State Gambling Rebate	-200		-193
Discounted Tax Bill	\$4,764	⇐ \$7 difference ⇒	\$4,771

State gambling revenue for real estate tax discounts is reduced by \$169,000 based on the latest state estimates. Also Title 1 federal subsidies are increasing by about \$75,000 for 2015-16 due to a slightly larger population of Central Bucks families classified as below the poverty level. Total revised revenues now stand at \$311,497,754.

With the increase in Title 1 federal funding, expenses were also increased for the program by approximately \$75,000. The extra funding was placed into classroom assistant salaries and benefits. If a different use of those funds is determined over the summer months a budget transfer can be

made in October 2015. The expenditure budget now stands at \$311,497,754 as well with no millage increase proposed for 2015-16.

Q: If the number of families below the poverty line in CBSD are increasing, is it likely that the number of student qualifying for free and reduced price lunches will also increase?

A: It is likely that students eligible for free and reduced price lunches will increase. We did see an increase in this category since the start of the great recession. The last couple of school years fewer students have been qualifying for free and reduced price lunches which is an indicator that the financial health of school district families is improving. The school district will have more information on this topic by the end of October as most applications will have been processed by that time.

The committee gave direction to administration to continue with the scheduled budget presentation and timeline for final budget adoption.

Deputy Tax Collectors – Act 164 of 2014 requires all tax collectors to appoint a deputy collector, in case of incapacitation, starting with the 2015-16 school year. The deputies must then be approved by the county, municipality, and school district. All of the Central Bucks tax collectors have submitted recommendations for their deputies except for John Mohan of Warrington Township. Once approved the tax collectors will need to provide proof of bonding insurance coverage for the tax collector and deputy tax collector.

Central Bucks School District		
Appointment of Deputy Tax Collector		
<u>Tax Collector</u>	<u>Municipality</u>	<u>Deputy Tax Collector</u>
Ann Calderaio	Buckingham Township	Denise Betts
Kari Williams Tyksinski	Doylestown Borough	Kim MacMinn
Sarah Tomlinson	Doylestown Township	Thomas McCambridge
Rich Sabol	New Britain Borough	Richard Sabol Sr.
Nancy Jones	New Britain Township / Chalfont Borough	Helena Melendez
Sherry Labs	Plumstead Township	Denise Betts
John Mohan	Warrington Township	
Denise Betts	Warwick Township	Shannon Brooks

Q: Why isn't there a deputy real estate tax collector established for Warrington Township?

A: Administration has reached out to Mr. Mohan to ask who his appointment is. We have not received any updates from Mr. Mohan, so we thought it best to have the school board approve all other deputy real estate tax collectors prior to the start of the new fiscal year.

Q: Is it practical that one tax collector can be a deputy for multiple primary real estate tax collectors?

A: To date, the school district has seen minimal need for the use of a deputy real estate tax collector. All of the primary real estate tax collectors have been able to perform their job functions without interruption. There are many open issues with the deputy tax collector requirement such as are they required to have the same educational training, do they need to be a resident of the municipality, who pays the deputy tax collector? These items will need to be addressed with legislative actions in the future.

The committee directed administration to place this item on the school board agenda for consideration.

Replacement of School Bus and Special Education Vans – The school district has completed our review of the current fleet to determine what type and how many new buses/vehicles we will need to maintain an appropriate number for the 2015-2016 school year.

In addition to the (12) new 77 passenger buses, (1) 48 passenger bus and (2) 36 passenger buses for which we seek approval, we will need (3) 7 passenger vans to replace 3 aging (1-2004, 2- 2006) vans from our Special Needs Department. The 3 vans that need to be replaced are 9-11 years old and all approaching 200,000 miles. All buses will go through the standard vendor purchase bidding process. The vans will be a separate purchase request via a state contract.

The type of van that the district has historically used is a sliding passenger door configuration. We have found this style of door suitable to address our special needs students that have difficulty entering and exiting our vehicles. The vans can come equipped (we have specified) with sliding side doors for easy access and exit rather than your standard car door opening. Very few auto manufacturers currently offer this feature.

Estimated costs for the large school buses	15 x \$77,000 = \$1,155,000
Estimated costs for the three vans are	3 x \$22,500 = \$ 67,500
Total Estimated Costs	\$1,222,500

Q: Are all of these buses and vans in need of replacement?

A: The school district tries to replace school buses around the 12 year mark of operation. If the mechanics feel a school bus still has life, it is kept as a spare vehicle to be used when other buses come in for routine maintenance. Newer buses tend to be used for sport strips and field trips that go outside of school district boundaries. The school buses identified for replacement would need extensive work to pass state inspection, so it is economically more feasible to replace them.

The committee gave direction to administration to proceed with the procurement process through advertised bids and using state contracts to purchase the vans.

Replacement of Copiers – CBSD currently has a 48 month lease on a Savin fleet of copiers. The current lease expires at the end of June 2015. Keystone Digital Imaging (KDI) is the current supplier of the Savin copiers and also maintains the fleet.

The Savin copier fleet was installed as a result of a bid conducted 4 years ago after specifying machine speed, location, and copy volume. We are finding that the current copiers cannot stand up to the demands of our schools. The solution is to replace the copiers at the completion of the lease and change the configuration of equipment to more durable models.

In addition, the district has also not been satisfied with the quality of maintenance services under the current contract, as machines are not as available for use as they have been under prior contractors.

When KDI submitted a proposal to replace the Savin copier fleet with Canon machines, the district also sought an alternate proposal from Canon Solutions America as they provided copier and maintenance services to the district in prior years with very good experience.

A standard Canon copier will have:

- four paper drawers that allow for multiple paper size configurations
- a document feeder
- sorting/collating/stapling ability
- each machine will have the ability to copy, scan, and to function as a printer since each machine will be connected to the district network

Some slight changes to the standard machine configuration, such as adding a three-hole punch option, may be needed depending on the needs of individual schools.

The proposed Canon Solutions America machine configurations have higher capacities with a longer production cycle before requiring routine maintenance as compared to the current copier fleet.

While a contract with Canon Solutions America will cost about \$22,570 more per year than the KDI proposal, Canon will be providing 20 machines that have a higher duty cycle capacity than the machines proposed by KDI. This should help reduce monthly maintenance downtime.

Installation and implementation of the new equipment would take place at the end of June and early July.

Q: What can be done to reduce the copy volume throughout the school district?

A: Paper copies are used for test taking, student drills and practice, and as supplemental textbooks with more up-to-date materials. The scanning feature of the copiers is used extensively by all employees to distribute information and minimize paper usage.

The committee gave direction to administration to continue with the leasing process and place the item on the school board agenda for consideration.

Aramark Food Service Contracts Renewal, Year 2 – The district changed the food service contract to update it with a reduced financial guarantee changing the contract from a \$750,000 guarantee to a \$650,000 guarantee. The contract also calls for Aramark to utilize an additional \$100,000 to enhance the elementary menu. The updated contract has been submitted to the Pennsylvania Department of Education for their review and approval. Once PDE's approval has been received, the contract will be placed on a future school board agenda for consideration.

Budgetary Transfers for the 2014-15 School Year – The annual expenditure budget is approved on a detailed state mandated format. As the fiscal year progresses, actual required expenditures may exceed the original budget in certain categories and also some expenditures may fall below the original budget in other categories. The State requires that the Board approve budgetary transfers to cover all higher than anticipated expenditures that occur in budget categories.

Q: Why is there a need for a budget transfers?

A: The budget is a financial plan. Items come up during the year that may not have been anticipated. Budgeted expenses could also come in slightly higher or lower than budgeted amounts. The district tries to budget to the anticipated actual needs of each department so as

not to overly inflate the expenditure budget. Budget transfers balance out areas of the expenditure budget where items have surplus funding with areas that have deficit funding with no change to the bottom line of the budget.

It was recommended that this item be placed on the school board agenda for consideration

Fund Transfers – It has been determined that funds held in the Trust Fund (7) for Post-Employment Benefit and Healthcare Benefit Reserves are better held in the General Fund (1). These funds will be classified as assigned fund balance within the General Fund (1) and continue to be maintained in line with the need to cover future Post Employment and Healthcare benefit expense obligations. These funds were initially established in Fund 7, the Trust Fund category, as reserves to address future employee benefit obligations, as recommended by GASB 45. At the time the Post Employment Benefit Account was established the school board wanted to maintain control and flexibility of the account and did not establish it as an irrevocable trust.

A recommendation was received from our auditors that the funds are better classified as an assigned fund balance within the General Fund. It is recommended that the funds be transferred from the Trust Fund (7) to the General Fund (1). The school board will retain complete control and flexibility over the use of these funds as it has in the past.

Q: What is the total liability of the postemployment benefits as calculated by the actuary?

A: Approximately \$60 million. This amount has increased in recent years as interest rates on investments have not kept up with the assumed rate of return of 4%.

Q: Should the district revisit how much money he keeps in the postemployment fund?

A: This may be a good topic for a future finance committee meeting. The purpose of this fund is to establish funding to cover the total financial burden of post employment benefits should the school district go out of business at some point in the future. It may be more prudent to establish funding for a percentage of the total liability to be held in reserve rather than keep funds tied up for this purpose when they can be better utilized for other capital items.

It was recommended that this item be placed on the school board agenda for consideration.

Community School Child Care Software – The district's current custom software has been provided by a sole proprietorship for the past 13 years. The district has been worried about sustainability if there were issues impacting the long term viability of the software developer. For the past 8 years, the district has been looking at software providers to fit the needs of our before and after school child care program. Administration has identified a software package that it feels will meet all the needs of the child care program, meet the reporting requirements of the Pennsylvania Department of Human Services, and provide better customer service to parents using the child care program.

The new software has two components, the database engine and the financial transaction processing system. The database engine was designed by School Care Works. It tracks the student and parent data, child custody agreements, calendar of designated service days, and authorized individuals that may pick up a student. The software also tracks other needed data to run the before and after school child care program and has a report program that will provide information to the Pennsylvania Department of Human Services in their preferred format.

The second piece of software by UnityFiSolutions is the financial software provider. They partner with School Care Works to facilitate the parent payment process via credit cards, automatic debit of checking accounts, or ACH transfer. UnityFiSolutions will hold all the parent financial information on their servers which will help minimize the school district's exposure to fraud. Of the firms that could partner with School Care Works, UnityFiSolutions has the lowest transaction processing costs for on-line payments. Ultimately, parents will be able to see their bill online for the upcoming month and see past payments made which will save the district printing and postage costs each month and provide better customer service to parents. The financial software will help reduce employee trips to the bank for deposits and will help minimize returned check fees.

The parent portal of the software allows parents to access the account 24 hours a day, provides financial security of their personal data, allows payment by major credit cards and debit cards, has automatic monthly payment options, IRS tax form downloads for filing federal tax deductions, and provides a calendar of events that allows parents to see future schedules and activities at a glance.

At a later point in the 2015-16 school year, phase 2 of the software implementation may help to provide greater student security through the use of android tablets at each elementary school to actively accept and release children to their families and other authorized individuals. Each individual that is allowed to drop off or pick up a child would be assigned a unique PIN number that would need to be keyed in to the android tablet. This will help the child care staff verify that a student is going home with the correct guardian on any given day of the week and also help the school district comply with court ordered custody arrangements.

After looking at the savings from the elimination of monthly printed billing statements and the elimination of associated postage expenses, the new software package should cost the district around \$5,500 per year. The current software for the child care program costs the district approximately \$6,000 per year.

Tax Collector Audits – the school district audit firm reviewed the financial information prepared by the New Britain Borough tax collector and Warrington Township tax collector. The New Britain Borough tax collector report did not have any findings.

The Warrington Township report noted that the auditors were unable to trace financial transactions from the tax payers through to the school district's bank account. The Warrington Township tax collector deposits school district real estate tax collections into an intermediary account and later transfers amounts from the intermediary account into the school district account. This causes problems for auditing as well as a delay in receiving tax revenues by the school district. This also reduces school district investment returns unnecessarily. Administration is recommending that the solicitor write a letter to the Warrington Township tax collector asking that this matter be resolved and reference the school district resolution on tax collection as well as the tax collector manual. It is further recommended that if the tax collection process does not change, payment to the tax collector for services rendered will be withheld until processing is in compliance with the school district's resolution on timely tax deposits.

The committee directed administration to continue with the proposed plan.

Fixed Asset Report –administration shared a summary copy of the fixed asset appraisal report as published by Asset Control Solutions. The summary report showed the insurable value of the school district as of their completion of the school district review this spring. It's been 11 years since the

district last had an appraisal completed. Insured asset values have been kept up to date over the years by adding the value of new buildings or the contracted renovation amount to the prior total of insured values. A cursory review of the report showed some mislabeling of items compared to their insured values. Administration will go back and work with Asset Control Solutions to determine the appropriate descriptions for the summary items and report back to the finance committee.

INFORMATION/DISCUSSION

Human Resources Department Reorganization—Andrea DiDio has requested a reorganization of the Human Resources department and hiring of an additional one and a half employees to address the reorganization and increased demands of the office. A thorough review of the department and individuals roles has showed some inconsistencies in the logic as to how tasks are aligned. Some of the increased demands stem from the new Act 153 and Act 168 laws imposed by the State. Others are due to streamlining tasks to be handled within the Human Resources department that currently occur at each individual building to allow consistency and continuity of employment for new hires. A board member asked if we have the “right” personnel in the Human Resources department to accomplish all of the tasks. Ms. DiDio clarified that with additional staff and realignment of tasks we will have what is needed. A board member asked if once we get all of the clearances updated and in compliance with the laws will we still need these people. Ms. DiDio explained that we will need these individuals based on how the tasks have been realigned. There will be more than enough tasks for everyone to remain consistently busy. The committee then went on to discuss the shift from administrative secretary to confidential secretary and what that entails. Currently, the HR department is in the bargaining unit which a board member indicated they believed to be a conflict of interest. A member asked if the increases in pay fall within the appropriate range. Ms. DiDio indicated that it falls just above the Principal Secretary rate of pay. Ms. DiDio stated that over the course of the last eight (8) months she has taken steps to analyze and review all of the tasks that the current HR staff are charged with and what the new proposed staff members tasks will be and how all aligns to create a more streamlined and consistent experience for all new hires and current employees.

Contracted to School District Employed Board Certified Behavior Analyst—Andrea DiDio is presenting a proposal to move from contracted to in-house employed board certified behavior analyst. This would allow more control to meet the needs of the students in the district and the services that are provided to them. Additionally, it would allow more consistency and quality. The quality of service from the contractor has been in question. This individual would be hired and evaluated by the school district. The cost will be equivalent to what we are currently paying so there is not intended cost savings with this change in service delivery.

REVIEW OF MEETING NOTES

The April 22, 2015 Operations Committee Meeting Notes were reviewed.

INFORMATION/DISCUSSION/ACTION ITEMS

Ken Rodemer distributed and reviewed the Operations Report.

Scott Kennedy reviewed the lease contract extension for the modular classrooms at Holicong MS. The modular classrooms are needed for two more years while renovations are occurring. After the renovations are complete, it is expected that the enrollment at Holicong MS will begin to drop slightly.

Scott Kennedy presented information for the installation of a band tower at all three high schools. Discussion of the need - portable vs. permanent. Nancy Silvius met with the administration at all three High Schools. CB West and CB South prefer the portable scissor lift. CB East still prefers the permanent fixed band tower. The committee discussed the pros/cons of portable vs. a fixed tower. The committee decided that the portable towers provided more flexibility and off season use as compared to a permanent fixed tower.

Scott Kennedy presented the recommended facility use fee schedule for the 2015-2016 school year. The recommendation is to keep the fees the same as the current school year. The committee approved the new facility use fee schedule.

Scott Kennedy and Ken Rodemer presented a proposal from GKO Architects to study possible options for renovations to the CB West HS Auditorium. The committee agreed with the recommendation.

- III. Routine Business:
- A. Administrative Report
1. Mr. McCombe and the Culinary Students presented information about different learning opportunities they had this year. This included field trips to the Philadelphia Wholesale Produce Market and E. Frank Hopkins Company, volunteering at the Greater Hatboro Chamber of Commerce Lobster Pot, attending Harrah's ACF Food Festival, the Peddlers Village Gingerbread House Competition, preparing dinner for the residents of Moreland Towers, a presentation on shrimp techniques by Chef Pierre Rausch and working with the Chefs at the Philadelphia Food and Wine Festival. They also shared information about the Culinary Institute of America and all the things they found interesting about the school and their visit.

It was asked how our students are taught about sustainable food. Mr. McCombe said that Mr. Gage does a lesson on sustainable fish and this year they were fortunate enough to get a grant from the Beef Council and did a whole module on grain fed and grass fed beef. The students have also learned about biodegradable packaging and had a compost pile that Mr. Smith used in the landscape mulch around the school.

Mr. Kleinschmidt thanked the students and instructors for their efforts and time. Mrs. Strouse also thanked Mr. Gage and Mrs. Burns for attending this meeting.

- IV. Mr. Kleinschmidt extended congratulations to Brian Moss and Viktor Pokrachinskiy, along with their teacher, Rob Schwarz, who represented the Greater Philadelphia area in the National Automotive Technology Competition held in New York City on April 7 and April 8. Brian and Viktor, who are students at William Tennent High School, placed second overall in this competition.

The National Automotive Technology Competition began in 1993 to bring together the nation's best high school automotive technicians to test their skills, measure their knowledge, and challenge their ability to diagnose and repair vehicles. It is apparent that our students have mastered these skills.

In addition to this competition, Middle Bucks sent 14 students to participate in the Skills USA State Competitions held in Hershey, Pennsylvania on April 8 through April 10. Our students earned 8 medals in the following competitions: Prepared Speech – 1st Place, Information Technology Services – 1st Place, Career Pathways Showcase: Health Services – 1st Place, Television Production – 2nd Place and Job Interview – 3rd Place.

Our 5 students who earned first place medals will be traveling to the National Competition in June held in Louisville, Kentucky.

Middle Bucks also had a number of medal winners at the Bucks County Computer Fair held last week. Students earned medals in Logo Design – 1st, 2nd and 3rd Place, Graphic Design – 2nd and 3rd Place, Web Page Design - 3rd Place, Animation – 2nd and 3rd Place, and Digital Movies – 2nd Place.

Finally, Representative Bernie O'Neill met with members of the Program. Policy, and Personnel Committee on April 9 to discuss issues pertinent to Career and Technical Education. The focus of the meeting was to discuss Act 153 and its impact on Work-based Education programs and an alternative plan to fund students enrolled career and technical education programs. The plan, currently being proposed to legislators by the Pennsylvania Association of Career and Technical Administrators (PACTA), is proposing the Basic Education Subsidy be increased by \$4,000 per student for each student enrolled in a career and technical high school. This proposal would address the excess cost experienced by the school districts to educate a student in a career and technical school as well as sustain workforce and economic development in Pennsylvania.

- V. Mr. Kleinschmidt explained that the position of Executive Council Secretary is vacant due to the resignation of Mrs. Susan Atkinson, New Hope Solebury School District. The NHS School District was contacted and will not be naming the replacement for Mrs. Atkinson until her replacement is on their board.

Mr. Miller moved, Dr. Foster seconded, to open the floor for nominations to fill the vacant position of Executive Council Secretary.

Discussion included that we may want to wait until New Hope Solebury names their appointment, you can appoint a permanent secretary or an acting secretary and you need a secretary appointed to sign corporate documents. There was also discussion about replacing the Superintendent of Record and it was determined that the Professional Advisory Council will recommend and select a Superintendent of Record.

Mr. Gamble moved, Mrs. Unger seconded, to nominate Mr. Joseph Jagelka to fill the position of Executive Council Secretary.

Mr. Kleinschmidt invited other nominations from the floor. Hearing none, Mr. Gamble moved, Mr. Miller seconded, passed unanimously, to close nominations.

Mr. Joseph Jagelka was elected as the Secretary of the Executive Council unanimously, by acclamation.

- VI. Mr. Miller moved, Mr. Byelich seconded, passed 5 ayes, 0 nays and 2 abstentions (Mr. Byelich and Mrs. Unger did not attend the meeting), to approve the minutes of the March 9, 2015 meeting. Attachment 1 (pg. 7)

An Executive Session was held to discuss a legal issue at 5:58 PM. The regular meeting resumed at 6:15 PM. Mr. Garton noted that the Executive Session was on a student matter and no action will be taken at the public meeting.

They have seen an exponential difference in the amount of time that is missed district to district. Attachment 3 (pg. 17)

There was a discussion about the number of conflict days. It was noted that we are in the low to normal range for the number of conflicts days. Last year we had 13, next year it will be 20, in previous years it was 20 and our worst year was 34. It was asked if 20 is the best we can do. Mrs. Strouse said 13 was the best we have ever done and explained there are 20 days that we are opened or closed and the districts are doing something different.

It was asked if there is anything we can do better. Mrs. Strouse said it has worked out best when we create the calendar and distribute it to the districts to work from to create their calendars. Some of the conflicts have to do with how things are done in the districts or communities. One school district likes to start school after Labor Day and one likes to start before and some of those things have created the 20 conflict days. Dr. Mundy explained that this is the first year in many years that Centennial will start prior to Labor Day and they had to work with their association and school board because it's not in their policy as it is in other districts. Even with that, they were only able to do 2 of the 4 days, just from their perspective,

due to when they have their professional development. She said she thinks Mrs. Strouse is correct in that conflict days are impacted by the total number of student and staff days, compounded with the traditional times that conferences and professional development days are held. Some of those things are evolving over time and she knows that the school leaders are conscious of that and spring break as well, and that can change year to year. She said Centennial's calendar goes longer than some of the other districts, just due to their number of days, and that can create conflict days. She concluded by noting that she thinks they have gotten down the number of conflicts, even though the four districts have very different traditions, collective bargaining agreements and number of days.

**CENTRAL BUCKS SCHOOL DISTRICT
SCHOOL BOARD MEETING**

June 9, 2015

FOR ACTION: Approval of the 2015-16 Final Budget

Act 1 of 2006 requires school districts to publically post the budget for 20 days prior to the school board taking action to adopt the final budget. As required by Act 1, the proposed final budget has been posted since April 28th, 2015 and an advertisement was placed in the newspaper providing notice that the school board may take action to adopt the final budget.

The school board will consider a resolution adopting the Final Budget for fiscal year 2015-16 in the amount of \$311,494,712. The 2015-16 budget reflects an increase of \$7,405,206 or a 2.4% increase over the 2014-15 projected actual budget with no increase in the real estate millage rate. The majority of the budget increase can be attributed to rising retirement contributions of approximately \$4,500,000 and contracted salaries and health benefit costs. The employer share of the Pennsylvania School Employees Retirement System (PSERS) contribution rate will increase by 20.7% during the 2015-16 school year.

The 2015-16 budget includes several initiatives to help improve the education quality of the school district. The district plans to continue the expansion of laptop computers available to secondary students; implement the iPad hardware and software program for students in Kindergarten, first, and second grades; and implement a QUEST program at the elementary level.

The QUEST program, Questioning Understanding though Engineering, Science, and Technology, will provide a hands on learning experience for students in grades 1 through 6. Students will use the knowledge they learn in their core subject areas, as well as the arts, to design and create age appropriate projects. The QUEST program will add eight teaching positions to the budget.

RECOMMENDATION:

The administration is recommending that the Board:

- Approve the resolution to adopt the Final Budget for 2015-16 in the amount of \$311,494,712.
- Approve the resolution setting the homestead and farmstead real estate tax assessment reduction in the amount of 1,559 which equates to a tax bill discount of \$193.47 after applying a millage rate of 124.1mills.
- Approve the tax levy resolution with the real estate tax millage rate at 124.1 mills, (a 0.00% increase), keeping the real estate transfer tax rate at 1%, keeping the earned income tax rate at 1%, and maintaining the electric utility real estate tax.

CENTRAL BUCKS SCHOOL DISTRICT

Final Budget for General Fund Approval Resolution

RESOLVED, by the Board of School Directors of Central Bucks School District, as follows:

The proposed Final Budget of the School District for the 2015-2016 fiscal year on form PDE-2028 as presented to the School Board is adopted as a Final Budget for the School District General Fund in the amount of \$311,494,712.

CENTRAL BUCKS SCHOOL DISTRICT

2015-16 Homestead and Farmstead Exclusion Resolution

RESOLVED, by the Board of School Directors of Central Bucks School District, that homestead and farmstead exclusion real estate tax assessment reductions are authorized for the school year beginning July 1, 2015 under the provisions of the Homestead Property Exclusion Program Act (part of Act 50 of 1998) and the Taxpayer Relief Act (Act 1 of 2006), as follows:

1. **Aggregate amount available for homestead and farmstead real estate tax reduction.** The following amounts are available for homestead and farmstead real estate tax reduction for the school year beginning July 1, 2015:

a. **Gambling tax funds.** The Pennsylvania Department of Education (PDE) has notified the School District that PDE will pay to the School District during the school year pursuant to Act 1, 53 P.S. § 6926.505(b), as a property tax reduction allocation funded by gambling tax funds, the amount of \$4,727,681.

b. **Prior year under-distribution of property tax reduction funds.** Funds are available for property tax reduction as a result of an undistributed amount remaining from property tax reduction funds PDE paid to the School District in the 2014-2015 school year. This amount from the prior year will add to the property tax reduction allocation for this school year the amount of \$3,042.

c. **Prior year over-distribution of property tax reduction funds.** During the 2014-2015 school year, the School District provided aggregate property tax reductions beyond the amount PDE paid to the School District for this purpose. This excess reduction from the prior year will result in deduction from the property tax reduction allocation for this school year in the amount of \$0.00.

d. **Philadelphia tax credit reimbursement funds.** PDE has notified the School District that PDE will pay to the School District during the school year pursuant to Act 1, 53 P.S. § 6926.324(3), as reimbursement for Philadelphia tax credits claimed against the School District earned income tax by School District resident taxpayers, the amount of \$1,129,559.

[Act 1 requires PDE to notify the School District of this amount by May 1.]

e. **Aggregate amount available.** Adding these amounts, the aggregate amount available during the school year for real estate tax reduction is \$5,860,282.

2. **Homestead/farmstead numbers.** Pursuant to Act 50, 54 Pa. C.S. § 8584(i), and Act 1, 53 P.S. § 6926.341(g)(3), the County has provided the School District with a certified report listing approved homesteads and approved farmsteads as follows:

a. **Homestead property number.** The number of approved homesteads within the School District is 30,151.

b. **Farmstead property number.** The number of approved farmsteads within the School District is 125.

c. **Homestead/farmstead combined number.** Adding these numbers, the aggregate number of approved homesteads and approved farmsteads is 30,276.

[The County Assessment Office is obligated to provide these numbers and a tax duplicate to the School District by May 1.]

3. **Real estate tax reduction calculation.** The school board has decided that the homestead exclusion amount and the farmstead exclusion amount shall be equal. Dividing the paragraph 1(c) aggregate amount available during the school year for real estate tax reduction of \$5,860,282 by the paragraph 2(c) aggregate number of approved homesteads and approved farmsteads of 30,276, the maximum real estate tax reduction amount applicable to each approved homestead and to each approved farmstead is \$193.56.

4. **Homestead exclusion calculation.** Dividing the paragraph 3 maximum real estate tax reduction amount of \$193.56 by the School District real estate tax rate of 124.1 mills (.1241), the maximum real estate assessed value reduction to be reflected on tax notices as a homestead exclusion for each approved homestead is \$1,559, (*rounded down to the nearest dollar per Act 1*) and the maximum real estate assessed value reduction to be reflected on tax notices as a farmstead exclusion for each approved farmstead is \$1,559.

5. **Homestead/farmstead exclusion authorization – July 1 tax bills.** The tax notice issued to the owner of each approved homestead within the School District shall reflect a homestead exclusion real estate assessed value reduction equal to the lesser of: (a) the County-established assessed value of the homestead, or (b) the paragraph 4 maximum real estate assessed value reduction of \$1,559. The tax notice issued to the owner of each approved farmstead within the School District shall reflect an additional farmstead exclusion real estate assessed value reduction equal to the lesser of: (a) the County-established assessed value of the farmstead, or (b) the paragraph 4 maximum real estate assessed value reduction of \$1,559. For purposes of this Resolution, “approved homestead” and “approved farmstead” shall mean homesteads and farmsteads listed in the report referred to in paragraph 2 above and received by the School District from the County Assessment Office on or before May 1 pursuant to Act 1, 53 P.S. § 6926.341(g)(3), based on homestead/farmstead applications filed with the County Assessment Office on or before March 1. This paragraph 5 will apply to tax notices issued based on the initial tax duplicate used in issuing initial real estate tax notices for the school year, which will be issued on or promptly after July 1, and will not apply to interim real estate tax bills.

CENTRAL BUCKS SCHOOL DISTRICT

2015-16 Annual Tax Levy Resolution

RESOLVED, by the Board of School Directors of Central Bucks School District, that taxes are levied for school purposes for the school year beginning July 1, 2015, subject to the provisions of the Local Tax Collection Law, as follows:

1. **Real estate tax.** Real estate tax of 124.1 mills (or \$12.41 per \$100 of assessment) on the assessed value of all real property taxable for school purposes in this School District. (Levied under School Code §§ 672 and 673.)
2. **Interim real estate tax.** Interim real estate tax of 124.1 mills (or \$12.41 per \$100 of assessment) on the assessed value of taxable real property, as stated in interim real estate assessment notices, that constitutes construction of a building, an improvement to a building, or other improvement to real property, not otherwise exempt from taxation. The interim real estate tax is part of the real estate tax levy, and applies to the assessed value of taxable real property not included in the initial tax duplicate used in issuing initial real estate tax notices for the school year. Tax assessors are directed to inspect and assess all taxable real property in the School District to which any improvement has been made, and to give notice of change in assessed value as required by law. The interim real estate tax applies for that proportionate part of the School District fiscal year remaining after the property was improved. (Levied under School Code § 677.1.)
3. **Utility realty used to generate electricity.** The real estate tax and the interim real estate tax apply to all real property taxable for school purposes, including all property listed in the definition of “utility realty” under § 8101-A(3) of the Public Utility Realty Tax Act, that was classified in such definition as “utility realty” prior to January 1, 2000, and that was removed from such definition effective January 1, 2000, because used in generating electricity. The tax applies to such property to the maximum extent permissible under the Pennsylvania Constitution and the Public Utility Realty Tax Act.
4. **Tax due date/delinquent status.**
 - a. The real estate tax is due and payable on July 1, 2015, and this will be the date of the tax notice issued to the owner for real estate tax other than interim real estate tax. Unless installment payment has been elected under the Central Bucks School District Real Estate Tax Installment Payment Plan, the real estate tax is delinquent if not paid in full within four (4) months after the date of the tax notice issued to the owner – by October 31, 2015, for tax other than interim real estate tax.
 - b. The interim real estate tax is due and payable on the first day of the month after the month in which any improvement or addition to real property has been made. The interim real estate tax is delinquent if not paid in full within four (4) months after the date of the tax notice issued to the owner.
5. **Discount and penalty.** All taxpayers are entitled to a discount of two percent (2%) from the amount of the real estate tax or interim real estate tax by making payment of the entire tax amount within two (2) months after the date of the tax notice – by August 31, 2015, for tax other than interim real estate tax. Unless installment payment has been elected under the Central Bucks School District Real Estate Tax Installment Payment Plan, a taxpayer will be charged a penalty of ten percent (10%) of the tax, which penalty will be added to the tax, if the tax is not paid in full within four (4) months after the date of the tax notice – by October 31, 2015, for tax other than interim real estate tax. (Discount and penalty rules established under Local Tax Collection Law, 72 P.S. § 5511.10.)

6. **Severability.** The provisions of this resolution are severable and, if any section, clause, sentence, part or provision is determined to be illegal, invalid or unconstitutional, such determination will not affect or impair any of the remaining sections, clauses, sentences, parts or provisions of this resolution. It is declared to be the intent of this school district that this resolution would have been adopted even if any such illegal, invalid or unconstitutional section, clause, sentence, part or provision had not been included in this resolution.

CENTRAL BUCKS SCHOOL DISTRICT SCHOOL BOARD MEETING

June 9, 2015

FOR ACTION: Purchase Approval

We have reviewed our fleet to determine the appropriate number of buses to safely transport the students in Central Bucks School District and area non-public students in a timely manner. We are purchasing eleven new large buses and trading in seven large buses that have reached the end of their efficient use to us.

We would like to add four buses to the fleet so that they can be used to cover some of our private school sending areas as they are increasing in size. Instead of having smaller sending areas similar to our CB schools, non-public schools seem to be expanding their attendance areas in an effort to attract more students. This has required us to look at using more buses as the length of time students will spend on a bus becomes excessive.

For the trade-in buses, currently there are two large buses that are out of service in the fleet because of excessive body rust and engines with problems that are too expensive to repair. Two other buses are model years 2002 and 2003 and are beyond their life cycle for us and have body corrosion. These buses are also 72 passenger buses while the majority of our buses are 77 passenger buses which we have been buying for the last 8 years. This size is better suited to provide transportation for the district as it allows us to hold more students. Three other buses also have major body corrosion in step wells and floors which would cause expensive repairs and long downtimes.

We would like to install storage compartments in the new 77 passenger buses to facilitate equipment movement for band and sports teams. With 3 high schools and five middle schools each with their own male/female teams, bands and other groups that we transport, the storage compartments would provide greater flexibility in the number of buses that we can use. It also allows us to provide better safety in the buses when we transport large groups as their equipment is stored in exterior compartments and not inside the bus with the students.

The 48 passenger bus is to be used for Special Need students and the larger capacity bus will give us more flexibility in transporting students. This bus will have air conditioning installed for the increasing number of Special Need student that require that in their IEP.

The two 36 passenger buses are replacing 2 smaller Special Needs buses with almost 150,000 miles that have major corrosion issues. Again the larger capacity bus allows more flexibility in transporting the students from different schools. These larger buses also give greater visibility to the driver which makes them safer. These buses will also have air conditioning for the same reason as the 48 passenger bus.

These bus purchases will help maintain our fleet at an average age of 6 years with the goal of keeping our buses around 12 years if economically feasible.

The proposed purchase of school vehicles was advertised and bid specifications were sent to all interested companies.

Funding for this purchase will come from the Transportation Capital Reserve Fund.

RECOMMENDATION:

The administration is recommending approval of the school vehicle purchases from Wolfington Bus Company as the lowest, on-specification bidder for the vehicles.

This policy must be reviewed every three years as required by PDE. This policy was reviewed in November 2012. This policy has been reviewed by all school administrators to seek input. School Board Curriculum committee reviewed the policy at the May 13, 2015 meeting and recommended some clarification of the policy. Those recommendations are included in this latest version.

RECOMMENDATION:

The administration is recommending that School Board Policy #249 – Bullying/Cyberbullying be tabled so that the proposed policy can be posted on-line for public review.

Adopted	July 27, 2004
Last Revised	November 13, 2012

Purpose

The Board strives to provide a safe, positive learning climate for students in the schools. Central Bucks School District recognizes that bullying has a negative effect on this environment. Students who feel unsafe, intimidated, or abused cannot fully attend to the educational process. Bullying can lead to more serious harassment and violence; therefore, ~~is~~ **it** shall be the policy of the district to maintain an educational environment in which bullying in any form is not tolerated.

Definitions

Bullying is defined as the intentional electronic, written, verbal or physical act or series of acts directed at another student or students that involves a real or perceived imbalance of power in a school setting that is severe, persistent ~~and~~ **or** pervasive. It has the effect of doing any of the following:^[1]

1. Substantial interference with a student's education.
2. Creation of a threatening environment.
3. Substantial disruption of the orderly operation of the school.

Bullying as defined by this policy includes cyberbullying.

School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.^[1]

These actions may include, but are not limited to:

1. Name calling.
2. Teasing.
- 3. Insulting or denigrating comments.**
4. Threatening looks.

8. Threats.
9. Assault.

Authority

The Board prohibits all forms of bullying of students in the school setting.

The Board encourages students who have been bullied to promptly report such incidents to the building principal or designee, **teacher, or school counselor. Parents should contact your child's principal or school counselor.**

See Administrative Guidelines accompanying Policy #249.

Delegation of Responsibility

The district expects staff members and support personnel who observe an act of bullying to take immediate, appropriate steps to intervene. If a student informs a staff member that s/he has witnessed or is the target of bullying behavior, the staff member must take immediate, appropriate steps to intervene. If an employee believes that his/her intervention has not resolved the matter, or if the bullying persists, s/he shall report the bully to the school principal or other designated authority for further investigation.

The district shall develop and implement bullying prevention and intervention programs. These programs shall provide staff and students with skills to deal with bullying situations and they will be made aware of available resources to assist in resolution of the problem.

The Superintendent or designee, in cooperation with other appropriate administrators, shall review this policy every three (3) years and recommend necessary revisions to the Board.^[1]

District administration shall annually provide the following information with the Safe School report:^[1]

1. Board's Bullying Policy
2. Report of bullying incidents
3. Information on the development and implementation of any bullying prevention, intervention or education programs.

The district encourages parents to contact one another directly in an attempt to resolve those situations that occur outside the school setting as defined in the previous section.

Guidelines

Upon learning about a bullying incident, the principal or designee will refer to the Administrative Guidelines accompanying this policy which address district reporting procedures. Confidentiality of all parties shall be maintained consistent with the district's legal and investigative obligations.

Administrative Guidelines Accompanying Policy No. 249: District Reporting Procedures for Bullying/Cyberbullying

Upon receipt of a complaint of bullying, a building administrator or designee will investigate the complaint promptly.

A report of bullying must be investigated even if the report is anonymous and even if the reporter stated that s/he does not want the district to take action.

Confidentiality of all parties will be consistent with the district's legal and investigative obligations.

Such investigation may include some, but not necessarily all, of the following steps based on the specific allegations:

1. Identify and interview the complainant.
2. Identify and interview the individual(s) directly involved in the alleged bullying incident.
3. Identify and interview witnesses to the alleged bullying incident.
4. Define the incident as clearly as possible, including the specific electronic, written, verbal or physical action or series of actions that have occurred. Describe where and when the incident(s) occurred.
5. Review of any relevant evidence or documents relating to alleged bullying incident.
6. Any other reasonable investigation the building administrator deems necessary.
7. Refer to law enforcement if appropriate.

Some bullying might also constitute sexual harassment, racial intimidation or ethnic intimidation. To the extent that the nature of the bullying/cyberbullying may constitute one (1) or more of those things, the policies and administrative regulations pertaining to those subjects must be followed.
