

Web Design Sub Plans

JR Meo (mmeo@cbsd.org)

Room: A112 for Help

Website for assignments and documents: <https://www.cbsd.org/Page/65187>

Tuesday, 9/28

- **Complete the “What Should I Put on my Website’s Homepage Activity” for SkyZone**
 - 1) First COMPLETELY skim the article linked in the instructions. Once you start your slide, you can also use the “Helpful Infographic” linked to on Mr. Meo’s website to help identify the 12 elements.
 - 2) Download the PowerPoint document from Mr. Meo’s website
 - Save it as “Lastname Homepage” (use your own last name)
 - 3) Design a “Home Page” mockup for Sky Zone Trampoline Center including as many of the 12 elements as you can
 - 4) Submission: Please visit Mr. Meo’s website and use the “Drop Folder” link to upload your completed work

- **Begin the Coffee/Surf/Snow Website Project**
 - 1) Collect instructions handout from teacher
 - 2) Surf the Internet and “study” the competition. Visit sites similar to the company that you are designing a site for. Remember to observe these sites through the “eyes of a web designer” and not those of a simple “web surfer”
 - Save image files you think you might be able to use in the future for your site
 - Bookmark sites you like and can use as “sites of design inspiration”
 - 3) Create your “full content” Word document for EACH page of your site. This will basically be an outline of ALL the information that will be included on your website minus the images.

Wednesday, 9/29

- **Did you complete AND submit your Skyzone Home page activity? (See the “Drop folder link on Mr. Meo’s website)**

- **Finish the Content outline for your site (MS Word)**
 - 1) If you have not completed your Word outline that includes the full content information for EACH page of your website, please do so before you move forward.

- **Work on your website**
 - 1) Review the project instructions carefully, and complete and test your first 2 pages
 - Remember, creativity and functionality are INCREDIABLY important to web designers.

Thursday, 9/30

- **Work on your website**
 - 1) Review the project instructions carefully, and complete and test your second 2 pages

Friday, 10/1

- **Work on your website**
 - 1) Review the project instructions carefully, and complete and test your Home Page
 - Remember to include as many examples as possible of the 12 elements a home page should include
 - 2) Ensure your entire site is “Published” (This will allow your site to be visited on a web browser by visitors.)
 - 3) Test your site, ensure you have met ALL project requirements and proof your content information on ALL pages.
 - 4) **Project Submission:** Add your full name to the top of the project rubric, clearly write your website address in the space provided, self-evaluate your website using the appropriate column on the rubric and submit the completed rubric to the teacher (If the rubric is not turn in, the project is not considered complete and will be listed as “missing” in Infinite Campus.
