If a physician's note is not provided immediately upon return from absence said employee will move into progressive discipline for the absences.
- d. Driver who is injured on the job, and who is absent from work as a result, may use sick leave for any days that the employee is not receiving worker's compensation. The employee may not use sick days for any days for which he/she is receiving worker's compensation. Absence due to worker's compensation shall not be counted against the employee for purposes of earning personal leave days under Article VI, Section 1d.
- e. Discipline will begin with the 9<sup>th</sup> sick day in a rolling twelve (12) month period. However, before a Bus Driver is disciplined under the following progression (even if he/she exceeds the allotted absences), the District will review his/her career sick usage to see if mitigation of discipline is warranted. The District will not be arbitrary or capricious in such a determination.
  - 1. On the ninth absence - first written warning.
  - 2. Tenth absence - second written warning.
  - 3. Eleventh absence - third written warning equivalent to a one-day
  - 4. Twelfth absence - final warning.

- g. Before a Bus Driver is terminated under the above progression, the District will review his/her career sick usage to see if mitigation of termination is warranted. The District will not be arbitrary or capricious in such a determination.
- h. Upon retirement, i.e., reaching superannuation at the time of retirement, from the District, drivers will receive \$25 for each unused sick day up to 150 sick days.
- i. It is expected that all elective surgery shall be scheduled outside the work year and that routine doctor appointments will be scheduled for non-working time.

### Section 3.

#### Seniority

- a. For the purpose of the following applications seniority for full time drivers shall be designated as District wide.
- b. The individual driver's seniority commences on the date such driver first performs work as a full time driver. Should more than one driver first perform work on the same date, said drivers will draw lots within 10 working days to determine their respective seniority.
- c. Seniority lists shall be furnished to the Association by the district by September 15th and January 31st of each school year. Such regular driver lists will be posted for ten (10) days and be subject to the grievance procedure.
- d. A break in seniority occurs when an employee:
  1. Retires, resigns or is discharged for cause.
  2. Fails to return from layoff within five (5) working days or is laid off for one year without being recalled.
  3. Absent without notice and approval for three (3) days or fails to return from approved leave of absence; either shall be considered a resignation.
- e. Seniority shall not be lost on account of:
  1. Time lost though approved sick leave and disability leave.
  2. Approved leave of absence.
- f. In the event layoffs should be necessary, drivers shall be laid off in reverse order of their seniority dates, and shall be recalled in order of their seniority dates.
- g. Routes vacated during the summer and new routes will be posted prior to the school year. A seniority list will be posted at the same time. Drivers' routes from the prior school year will be placed in drivers' mailboxes: Drivers' routes may be changed due to the addition of new students, the opening of a new school(s), redistricting, and/or the efficiency of operation.

All full-time drivers are permitted to bid for the routes posted at the start of the school year. The bidding will take place at the start the school year. Drivers may choose to bid on available routes thereby vacating the routes they received in their mailboxes. When a route is vacated in this bid process, it becomes immediately available to the next driver in line, according to the seniority list posted.

Each driver who is not able to be present during the bid process may ask another driver to bid for him/her. If a driver misses his/her place in line, such driver must go to the end of the line. If several drivers miss their places in line, such drivers will wait at the end of the line in seniority order. Drivers who change routes during this process have the right to bid and change routes one more time during the school year.

During the school year, an announcement of each vacancy to be filled shall be posted at the Operations Center and Transportation Annex for five (5) working days.

Announcements of each vacant route shall be accompanied by bus number and depot where the bus is located. During this five (5) day period, full-time drivers who are eligible to bid, may submit bid requests in writing to the Director of Transportation or Assistant Director of Transportation or Transportation Manager, and written acknowledgements of receipt shall be provided to drivers. After this five (5) day period, the route will be awarded to the driver having the most seniority among those who submitted bids.

A full-time driver cannot change routes more than once during the school year, unless granted permission by the District. A route acquired during the bid process is not counted when determining a driver's eligibility to change routes.

Floater will not be eligible to bid on route except during the yearly bid process if it would reduce the number of full-time floaters below that listed in Article VII.

- h. All sport, field, special needs trips and summer assignments, including special needs runs, shall first be offered to full-time drivers that have signed up for extra work. The work will be assigned on an availability basis and rotated by seniority.

Where the District makes revisions to the Operations Procedures, it will send revisions to the Union President and meet and discuss the changes with the Union before issuing final changes to the Operations Procedures. These procedures shall be contained in an "Attachment A" and shall be printed and distributed in the driver's handbook annually.

- i. When a driver changes routes through the bid process and has driven this route for ten (10) working days, said driver may not be removed from this route except for just cause and unless a conference has been held with the driver, the Director of Transportation or Assistant Director of Transportation or Transportation Manager, and agents or representatives of the Association. Disputes as to whether the cause is just shall be subject to the grievance procedure.
- j. Drivers are eligible to bid on extra work, whether permanent or temporary work, only if said work will not take the drivers over forty (40) hours per week, unless there are no drivers who fall into this category. Otherwise, work would be assigned on a volunteer basis from an extra work list, based on rotating seniority.

Permanent extra bid runs will be posted for five (5) school days and, once awarded, will remain with the drivers until the drivers decide to relinquish said work. No full-time driver shall be awarded, via the bid process, more than one (1) extra bid run in addition to his/her regular daily route. Drivers currently performing more than one extra bid run may continue their current assignments. However, as these drivers relinquish these runs, new assignments shall be posted, bid and awarded to drivers according to seniority and the number of extra bid runs they are currently performing. An extra bid run would be awarded to the most senior driver without extra work. If no driver meets this requirement, then it will be awarded to the most senior driver with one extra bid run. Again, if no driver qualifies then it will be awarded to the most senior driver with (2) extra bid runs, et cetera until the work is awarded. This work will be posted one (1) time only as drivers will be able to indicate on the bid form whether they are currently performing any bid runs.

Temporary extra bid runs, which are runs that will not extend beyond the school year, will be posted for five (5) school days. Each run will be awarded, on a rotating basis from a list arranged in seniority order, from among the drivers who bid on this run.

- k. When a regular driver is absent and cannot perform his/her extra bid run, the driver's run shall be assigned on a rotating seniority basis by incident among those drivers available.
- l. The Board reserves the right, in the interest of efficiency of operation, to deny an applicant a particular run and to combine two or more extra runs or to combine one or more run(s) and a regular run. In the event the Administration considers such combining of runs or denies an applicant a particular run, the Association shall be involved on a "Meet and Discuss" basis prior to any action being taken.
- m. At the beginning of each school year, the dispatcher will award extra work by starting at the top of each list, which is arranged according to seniority. The previous school year's lists will be used for this purpose and positions on this list carried to the new seniority list which will be updated by October 1". Rotation will continue from one list to the other without starting at the top of the list.

#### **Section 4.**

#### **Other Conditions of Employment (Drivers)**

- a. When a trip (which is not a regularly scheduled route) exceeds 25 miles one way, the driver for such trip shall select the route and be reimbursed for any toll expenses incurred for such trip.
- b. Assistance for Control and Discipline of Students -If a driver refers a student or students to a building administrator for disciplinary reasons, said driver shall be furnished, within two school days, with the proposed course of action or the outcome of such action that is taken to resolve the disciplinary problem(s). The employer shall support and assist Bargaining Unit members with respect to the maintenance of control and discipline of students in the Bargaining Unit member's assigned work areas. In appropriate circumstances, this may include the removal of the offending students from the bus. The Association reserves the right to support the employee and pursue legal action should the employee suffer injury or loss of income from assault by a student.

When an employee suffers damage to or loss of personal property as a result of an assault on the job, the District shall agree to submit and process claims to the District's liability insurance carrier.

The District will explore the use of bus aides, where available, for buses dedicated to special needs children. Association requests for aides for buses dedicated only to special needs students will be reviewed by the Director of Transportation or Assistant Director of Transportation or Transportation Manager prior to submitting a recommendation to the Superintendent.

- c. Along with the responsibilities as defined by the Assistant Director of Transportation, the Board, and prevailing state and governmental laws, rules and regulations, school vehicle drivers are also responsible for a daily walk around and inside safety check of the vehicle and checking the oil level on a daily basis. A daily written checklist, provided by the District, shall be used for this purpose. Requests for repairs for any vehicle shall be submitted on forms provided by the school district. A copy of this form shall be returned to the driver who submitted the request.

- d. At any time, a traffic accident occurs, the "Accident Review Board" shall thereafter review the details of the accident. If requested by the "Accident Review Board," a driver may be required to appear before the Board at a mutually agreeable time. The "Accident Review Board," shall consist of the Association President or designee, and two (2) members appointed by the District.
  
- g. Employees that are medically disqualified in accordance with State of Pennsylvania Motor Vehicle requirements shall be placed on unpaid leave of absence through any appeal procedure. If by appeal it is found that the disqualification was incorrect at the time the action was taken, the driver will be reinstated with full back pay. If the condition is connected during the leave of absence, the driver will be returned to work (without back pay) when judged qualified by Pennsylvania Transportation authorities.
  
- h. It is not the intent of the District to require drivers to operate buses under conditions that the District deems are unsafe.
  
- i. Administering Medication - Employees in the Bargaining Unit shall not normally be required to administer medication to pupils except in cases of emergency. The employer shall indemnify and save harmless from any liability employees who administer medication to pupils in direct response to any order from supervisory personnel.

## **ARTICLE VI -EMPLOYEE BENEFITS**

### **Section 1. Leaves of Absence**

#### a. Unpaid Leave

Drivers shall be entitled to request an unpaid leave of absence for a period of at least thirty (30) days and not to exceed eighteen (18) months. Twelve (12) month employees shall be entitled to request an unpaid leave of absence for a period of at least thirty (30) days and not to exceed twelve (12) months. The Board shall carefully consider all such requests and shall not unreasonably deny such requests. Employees on authorized leave of absence without pay shall not be considered to be active employees of the school district and shall not be entitled to any benefits granted employees. Employees granted leave under this section shall be allowed to remain a member of the district group health, prescription drug, dental and life insurance plan on condition that they pre-pay one month in advance with the stipulation that it is the employee's obligation to transmit payment by the first day of each month. Failure to pay timely will cause coverage to terminate.

b. Return from Leave

1. Upon return to active employment, upon the expiration of the authorized leave of absence or before, seniority, accumulated sick leave and entitlement to all of the benefits of employment shall be restored to said employee.
2. An employee who does not return from an authorized leave of absence immediately upon the expiration of said leave shall be determined to have resigned as of the date such authorized leave commenced unless permission is obtained for extension of the time for the employee to report for work.
3. When an employee returns from an unpaid leave of absence that exceeds six (6) months, the employee is not guaranteed to be returned to the same run he/she had prior to the leave.

c. Leave for Urgent Reasons

1. Employees may use up to five (5) of their sick days per year for the following reasons:
  - a. Sudden illness of child at home.
  - b. Family needs for medical attention
  - c. Family funeral where distance or circumstances make it impossible to complete arrangements under bereavement leave provisions.
  - d. Legal activities that cannot be handled at other times.
2. In the event of extenuating circumstances and only for very good cause the Superintendent or designee may grant an employee more than one day for any incident or occurrence requiring leave for reasons specified in (1) above. However, denial of a request for more than one day shall not be subject to the grievance procedure contained herein.
3. The Board and Association recognize that other urgent reasons may occur which are not included in the above list. Upon recommendation of the employee's immediate supervisor and approval of the Superintendent or designee, such urgent reasons may be approved. However, the approval or denial of such reasons is not subject to the grievance procedure contained herein.

d. Personal Leave Days

All employees covered by the agreement shall receive one (1) personal day per year. Employees may earn a second personal day if in the prior year they have not had more than two days' absence charged to leave for urgent reasons and/or sick leave.

Personal days may be accumulated year to year to a maximum of four (4). Where an employee seeks to use two (2) or more personal days in proximity to each other, a two (2) week notice shall be required.

The use of personal leave day(s) shall be requested by the employee on a district form that must be submitted at least one week prior to the requested date(s) of absence. However, a late request shall not be unreasonably denied.

The District may deny a request for a personal leave day immediately preceding or following a holiday or vacation day, or for a day on which ten percent (10%) or more members of the bargaining unit are scheduled to be absent. The Superintendent or his/her designee's denial of a request for use of a personal day for any of these reasons shall not be subject to the grievance procedure, but may be a subject for "Meet and Discuss."

In the event of death of an employee, the employee's estate will be paid a death benefit equal to the employee's pro-rated value (per diem) of the employee's accumulated personal days.

Employees will receive payment at the end of the school year for any unused personal days.

e. Jury Duty

For satisfying the legal requirement of serving on jury duty, the District will pay to full-time employees the difference between compensation gained as a juror and the regular straight-time pay for the time actually lost from regularly scheduled work.

f. Bereavement Leave

Absence with pay will be granted at the employee's regular straight-time rate for actual time lost from regularly scheduled work for up to three (3) days required as a result of the death of any of the following legal relatives: father, father-in-law, mother, mother-in-law, spouse, child, brother, sister, grandchild or any relative who resides in the same household.

Absence with pay will be granted at the employee's regular straight time rate for actual time lost from regularly scheduled work for up to one (1) day for the purpose of attending the funeral of a cousin, grandparent, aunt, uncle, niece, nephew, son-in-law, daughter-in-law, brother-in-law or sister-in-law.

g. Administrative Leave Without Pay

The Board and Association recognize that individuals may occasionally want to be absent for reasons of personal convenience. The District, which has discretion to grant or deny these requests, will give careful consideration to such request, including the reason for the request, the attendance record of the employee and the driving need of the District. Should the District deny the request, the Union may request review of the matter by the Director of Human Resources. It shall not be considered unreasonable to deny a request which is received less than one week prior to the dates(s) of absence nor shall it be considered unreasonable to deny a request on the basis of the driver having been absent without pay on five or more dates during the preceding ninety (90) work days. Approval or denial of requests under this provision shall not be deemed as establishing a general policy or precedent. Accumulated personal leave days must be used prior to the granting of Administrative Leave without pay.

**Section 2. Service Award**
