

## MUSIC STAFF

*Ensembles and Electives*

Mr. Delson - Band - ndelson@cbsd.org

Ms. Marchione - Choir - amarchione@cbsd.org

Mrs. Tosti - Orchestra - jtosti@cbsd.org

### Curricular Ensembles

All high school music courses are offered on an elective basis. Band, Choir, and Orchestra classes meet for 83 minutes on alternate (A/B) days for the entire year and are 1. credits. Many of these groups also participate in exhibitions and competitions. MBIT students who have an interest in co-curricular music activities should speak to their music director.

**Honors-level ensemble membership is determined by audition. Students should contact instructors for audition information.**

### Music Ensemble Courses

Concert Band  
Honors Wind Ensemble  
Honors Jazz Ensemble

Concert Choir  
Honors Chamber Choir

String Orchestra  
Honors Chamber Orchestra

### Co-Curricular Ensembles

- \*Chord Street A Cappella
- \*Tenor-Bass Choir
- \*Treble Choir
- \*String Quartet
- Marching Band
- Jazz Ensemble 2

*\*By audition*

Members of any co-curricular ensemble must be in a curricular ensemble class to be eligible.

### Music Elective Courses

**Electives are open to all students**

**interested in music.** For students in Band, Orchestra, or Choir, they are also designed fit opposite performance ensemble classes. It is recommended that all sophomores take Music Theory. Music electives meet every other day (A/B) for one semester and are 0.5 credits.

**More information about each music elective can be found on the next page!**

**AP Music Theory** - Students should plan to take Music Theory prior to taking AP Music Theory or will need to pass a placement exam.

# Music Electives - No Experience Necessary

## Music Theory

It is recommended that sophomores take P.E. for one semester opposite your ensemble (or other music elective) and Music Theory for the other semester. Music Theory teaches you the building blocks of music. These skills will enhance what you are learning in any other music class ensemble and beyond.

## Rock Band

Rock Band is a great opportunity to learn the basics of guitar, bass guitar, drums, & keyboard. Students form rock bands and learn how to play and sing pop and rock music & learn what goes into gigging as a musician. No previous experience required!

## Music Production

Music Production teaches students how to create music using GarageBand, LogicPro, and other software to learn the basics of audio editing. Students who take this course have access to iMacs to create beats, sample, and write songs.

## Music Technical Theater

Music Technical Theater covers all aspects of putting on a musical, including musical theater history, performance, & sound/lighting/set design. The class culminates in putting on a live production. This is a highly interactive and hands-on class.

## Collaborative Music

Collaborative Music is an inclusive, hands-on music class. Students from special-education and regular-education work together to create and perform a musical. This class is a lot of fun and a unique learning experience for all.

# Scheduling Music Courses

Anyone can fit Music into their schedule, even one that is academically rigorous!

## **Question 1: Are you currently in a large ensemble course (Band, Choir, or Orchestra)?**

### **Do you plan to take ONE or TWO Music Ensembles?**

- If one, which A/B Courses do you want to take opposite your Music Ensemble?
- If two, replace the suggested music/PE elective with your second Music Ensemble.

### **Which Social Studies course is right for you?**

- Honors/Academic Modern World History (18-week, semester course)
- AP European History (27-week, 3 Marking Period course)

### **Which Math course is right for you?**

- Are you taking an 18-week semester-long course?
- Are you taking a 27-week (3 MP) course?

### **Which Science course is right for you?**

- Honors/Academic Biology (18-week, semester course)
- AP Biology (36-week, full-year course)...*NOTE: AP Bio is only recommended to students who have successfully completed their initial Biology course.*

## **Question 2: Are you currently taking Guitar 9 or interested in other Music Electives at West?**

### **Which Music Electives interest you most?**

- Available courses for Sophomores: Rock Band, Music Production, Music Technical Theater, Collaborative Music, or Music Theory. See cover page for course descriptions.
- P/E will generally run opposite your Music Elective in your schedule.
- No previous musical experience necessary for any of these electives!
