

Dear 3rd Grade Star,

Welcome to Mrs. R's Galaxy.... where you are already a STAR! In our classroom Galaxy, you will constellate (get together) with other STARS to learn new things and form special bonds. I am thrilled to be your teacher this year whether we are learning in school, online, or both 😊 I can't wait to meet you and find out what makes you unique. If you want to find out more about me, check out the "About Mrs. Rosztoczy" tab on my homepage.

Get ready to rocket-off on an exciting learning journey in 3rd grade. On our first learning day together, please bring the following items:

- Your 3rd grade supplies (posted on homepage)
- A "just right" book you are currently reading
- A water bottle, healthy and energizing snack, and lunch
- Your beautiful smile

Enjoy the remaining days of summer and make sure to store all those memories you have made with your family as they always come in handy when you're learning. Tell your parents to look for an email from me before school starts and if they have any questions before then to email me at jrosztoc@cbsd.org.

See you soon!!

Mrs. Rosztoczy (RO-STO-SEE)
