### Modern Art & Design Course of Study:

This eighteen-week course builds on elementary art concepts, skills, and experiences. The studio units we will focus on include intermediate/advanced skills and concepts in drawing, painting, commercial art, architecture, crafts, and animation. In the art history units, students will study the artistic styles that were developed beginning in 1915 until the end of the twentieth century. A variety of art movements and artists will be explored. Students will further develop knowledge and skills related to the disciplines of Art Criticism, Aesthetics and Philosophy, through various activities including critiques, class discussions, reflections, and writing.
