

Qui est-ce ? {Who is it ?}

Directions :

1. Think of a person who is in your French class (not including yourself or me, Madame). Write that person's French first name and real last name on this line:
 _____, and now FOLD the top of this paper over so that no one can see the name/identity!

2. Now, write a description of that person, without using his/her name. Use "Il" for a guy, or "Elle" for a girl, so that his/her identity remains a mystery. Your description needs to follow the following instructions:

- A total of 6 simple sentences, with only one verb and one adjective per sentence
- At least 2 of the 6 sentences use "avoir" as the verb (describing age/eyes/ hair/etc.)
 (if eyes/hair: make sure the adjective is masculine plural, to agree with "les yeux" or "les cheveux")
- At least 2 of the 6 sentences use "être" as the verb
 (make sure the adjective agrees with the person's gender)
- At least 2 of the adjectives you use are irregular in some form (even if it's not the form you're using [For example: "Il est beau." would count because "beau" is an irregular adjective in the masculine plural and in the feminine singular forms, even though you're not using either of those.]
- You can also include things or activities that this person likes.
