

CENTRAL BUCKS SCHOOL DISTRICT

STAFF DEVELOPMENT

We welcome you to the Central Bucks School District. The upcoming days, weeks, and months will be exciting for you. Having once been new to the district ourselves, we know that this year will be rewarding as well as challenging.

As the district's Staff Development Facilitators, we will be supporting and assisting you, along with many others, as you endeavor to make this year an educationally successful one for both you and your students.

Throughout the year, we will:

- Facilitate a district-wide Induction
- Collaborate with you to share ideas, respond to questions, and address concerns
- Visit your classroom as a peer coach to provide non-evaluative feedback
- Conduct model lessons and assist in the planning for future implementation
- Offer targeted workshops to support teachers

Our department provides you with this Induction Notebook as an overview of the Central Bucks School District. We will work with you on **Monday, August 24, 2015**. As part of the 2015-2016 Induction Program, we will address classroom applications of district initiatives.

We look forward to meeting you and working with you. Our best wishes for a positive and productive year in Central Bucks!

Sincerely,

Suzanne Dailey

Jason Jaffe

Corinne Sikora

Staff Development Facilitators
