Dr. Nancy Silvius

RE: Core Sequence in Staff Development

Central Bucks has identified a core sequence of staff development initiatives that is designed to help teachers plan their professional growth over a period of several years. Participation in district workshops is not mandatory. However, a core sequence of suggested sessions may be useful in providing the framework for teachers to take responsibility for their own professional growth.

Coordination and registration of these workshops is facilitated by the Staff Development Department. An online catalog of these workshops is available on the CBSD website. If you need to know more about the District Staff Development Program, please contact the Staff Development Office at 267-893-5714.
