

Dear 6th Grade Students and Families,

Welcome to M6! My name is Mr. Benjamin McComsey and I hope all of you have enjoyed your summer! I know many of you are probably excited and nervous to begin a new year. I assure you, you will have a great time in 6th grade this year. I am eager to get to know all of you and start, what I know will be, a wonderful year.

Let me begin by introducing myself. I graduated from Penn State University in 2010 with my bachelor's degree in Elementary Education. I have also earned my master's degree in Teaching and Learning from Delaware Valley University, and in Education with a focus on Reading Specialization from Holy Family University. I began my career in CB at Butler Elementary School in Chalfont and had the pleasure of teaching both 2nd and 6th grade. I then traveled here to Buckingham where I have taught 2nd and 3rd grade. I am now entering my ninth year as a 6th grade teacher!

Mrs. McComsey and I spent a lot of the summer playing with our little girl Sophia. We took some smaller weekend trips throughout the summer as well. When we were not running around with our little girl, we also just relaxed with our two cats Chloe and Pheona. I hope all of you had exciting and enjoyable summers too. I ask that you bring some of these great memories with you on the first day of school.

I look forward to meeting all of you soon, and I hope you enjoy the remainder of your summer!

On the first day of school, please bring the following:

1. 6th grade supplies (please use the list online to guide your purchases)
2. A chapter book you are currently reading
3. A snack, water bottle, and lunch
4. A smile

If your family has any questions, please email me at bmccomsey@cbsd.org

Sincerely,
Mr. McComsey
