

August 2, 2021

Dear Second Graders,

Welcome to second grade! My name is Mr. Garcia, and I am excited to be your second-grade teacher! Barclay is a special place to grow and learn and I love every day in second grade.

Second grade will be an exciting year! In science, we will learn about rocks, habitats, and sound. We will explore communities, economics, and geography in social studies. You will have so much fun learning by using our iPads! We will read so many exciting stories together and share our creative ideas through writing. In math, we will grow so much in adding, subtracting, multiplying, and dividing. I cannot wait to have fun learning with you!

Mrs. Garcia, our children, and I are enjoying summer together and look forward to this school year. Our son David is going into seventh grade and he loves karate. Our daughter Bella will start fifth grade this year and she enjoys playing soccer. Our youngest daughter, Livvy, will start first grade this year and she has fun playing softball. We all enjoy spending time with our Goldendoodle, Rosie! We also love going on walks, bike rides, and spending time at the park.

I look forward to meeting you at Barclay's **Meet and Greet on Thursday, August 26th from 2:00-3:00**. You can visit our classroom in room 402.

I hope you enjoy the rest of your summer. I can't wait to learn all about you! I am excited to make second grade memories with you!

Your Second Grade Teacher,
Mr. Garcia
