

# ADVENTURE GUIDES

**FRIENDS FOREVER**

Adventure Guides offers opportunities for Fathers and Daughters and Fathers and Sons to grow and strengthen their relationships with each other. In Adventure Guides, Fathers and Children become closer, gain a sense of belonging, and learn the importance of giving back to the community through planned events and group outings. The stronger bonds and memorable experiences developed through the program lead to lifelong friendships.

At the heart of the program are the **Compass Points**, which give members a sense of direction and an inspiration for activities:

**NORTH Family EAST Nature SOUTH Community WEST Fun**

YMCA core values make up the ordinal directions on the compass  
**NE Honesty SE Respect SW Responsibility NW Caring**

Events are planned throughout the school year.
