

The **Khan Academy** is a free website that includes instruction and guided practice. To save progress you need to create an account and log on. However, you can access the video tutorials without an account as well.

The practice sections relevant to the Keystone Algebra 1 test in the Khan Academy LEARN center are organized below. Each link contains interactive practice, hints, worked out solutions and links to video instruction if needed. Use the links on this page to select the practice. When moving to a new topic, return to this page to pick the next practice area.

Module 1

1.1 Operations

(Please note. Module 1.1 Operations contains the greatest number of topics to master but is not weighted more heavily than the other assessment areas. For this reason, it makes sense to focus on 1.1 AFTER remediating the other five assessment anchors first.)

[Combining Like Terms](#)

[Exponent Rules](#)

[Exponent Rules Continued](#)

[Simplifying Expressions with Exponents](#)

[Multiplying Polynomials](#)

[Factoring Difference of Squares](#)

[Simplifying Radicals](#)

1.2 Linear Equations and Systems

[Writing Expressions](#)

[Linear Equations](#)

[Linear Equation Word Problems](#)

[Systems of Equations with Elimination Part:1](#)

[Systems of Equations with Elimination](#)

[Systems of Equations with Substitution](#)

[Systems of Equations Word Problems](#)

1.3 Linear Inequalities and Systems of Inequalities

[Linear Inequalities](#)

[Graphs of Inequalities](#)

[Graphing Systems of Inequalities](#)

Module 2

2.1 Functions and Patterns

[Domain and Range](#)

[Identifying Points](#)

[Finding Equations of Lines from Tables](#)

2.2 Coordinate Geometry

[Slope of a Line](#)

[Solving for the y-intercept](#)

[Line Graph Intuition](#)

[Graphing Linear Equations](#)

[Graphing Linear Functions to Solve Systems](#) (Includes Module 1 practice.)

[Slope Intercept Form](#)

[Converting between Slope Intercept and Standard Form](#)

[Point Slope Form](#)

2.3 Probability and Data Analysis

[Probability](#)

[Additional Probability](#)

[Independent Probability](#)

[Stem and Leaf Plots](#)

[Mean, Median and Mode](#)

[Box and Whisker Plots](#)
