

**Barclay Elementary School
Speech-Language Support**

Dear Parents,

I would like to take this opportunity to welcome you and your child to speech and language! I am looking forward to working with your child this year!

I am sending home a speech folder with your child that will be essential in carryover of the skills learned in speech class. This folder will be used for homework assignments and exercises for improvement on specific speech sounds, language, or fluency. Homework assignments will be sent home on an as needed basis, as every child presents with different needs. Please set aside a time to review the assignment or exercise with your child once each week. I will also be using the “feedback labels” with homework again this year. Please complete the homework and feedback label before your child’s next speech day and be sure to send the folder to school on these days!

In your child’s speech folder, you will find their speech day and time. You will also find a list of what skills we will be focusing on this year.

If your child is working to improve specific speech sounds, I will provide a list of words for your child to practice. Please try your best to practice this list AT LEAST 3-4 times/week.

You may also use the speech folder for any notes or questions you may want to ask me! In order to know your child better and to gain insight to help guide my work, please feel free to write anything you would feel is important for me to know about your child.

Please let me know if there is anything I can do to help make this year a success for your child. If you should need to reach me, my phone number is 267-893-4116. My e-mail address is LBacalles@cbsd.org. I am looking forward to a productive, enriching, and rewarding year!

Sincerely,

**Mrs. Lindsay Bacalles MA, CCC-SLP
Speech and Language Therapist
Central Bucks School District
