

HELLO
MY NAME IS

Mrs. Glauser

hi

Welcome to speech therapy!

Dear parent/guardian,

I will be your child's speech-language pathologist this year. I earned my bachelor's degree in speech-language pathology from Michigan State University and my master's degree from Wayne State University. I hold my Certificate of Clinical Competency from the American Speech Language and Hearing Association, a Pennsylvania Teacher of the Speech and Hearing Impaired Certificate, and I am a licensed Speech Language Pathologist in Pennsylvania.

This year we are going to explore your child's speech and language goals through a variety of activities. I am hoping you spend a short amount of time each week discussing their sessions with them in order to maximize success. If your child is working to improve articulation skills, it is helpful to practice multiple times per week for 5-10 minutes. If your child is working to improve language skills, try to incorporate language concepts into your everyday routines at home. Please reach out if you have any questions!
