

Dear Second Grader,  
Welcome to second grade! My name is Ms. Rudolph and I will be your Second Grade teacher. I am very excited to have ALL of you as part of my class and I hope you are just as excited to be in second grade because *second graders rock!*

In second grade you will make new friends, learn a lot, and have a lot of fun! We will read and write many wonderful stories, poems, and letters. We will learn multiplication, telling time, and counting money. We will also learn all about our community, rocks and minerals, and habitats. We will play learning games, do science experiments, use computers AND iPads!

Let me tell you a little bit about myself. I LOVE teaching! I have been at Butler for the past 24 years! During that time, I have taught kindergarten, first and second grade. I love second grade! I love to read, and I cannot wait to share books with you. I also love to run! Over the summer, I run almost every day and enjoy exploring many new places to run! Right before school starts, I will be running a 50-mile race! I also love football (go Giants!) and going to the beach!

I have five children of my own! Chloe, the oldest, graduated from American University in Washington, D.C., where she now lives and works. Chloe loves to read and spend time with her friends. My two oldest boys are named Brad and Jake. Jake will be a senior in high school this year! Brad will be a sophomore at The University of Pittsburgh in the fall! Both boys love swimming and spending time with their friends. They also love playing video games. My younger daughter, Rachel, turns 11 in July and will be starting sixth grade soon. Rachel loves drawing, swimming, and going to the beach. The youngest member of our family is Gabe. He will be in fourth grade in the fall and turns 10 on Halloween. Gabe loves basketball and playing Geometry Dash and Minecraft on his iPad.

I cannot wait to learn all about you, your family, and what you like! I look forward to seeing you in August!

Your Second Grade Teacher,  
Ms. Rudolph
